A FEI Prize List will be released under separate cover once all of the draft schedules have been approved by FEI. You will be able to find individual schedules once they are approved at [www.fei.org](http://www.fei.org).

## FEI RULES

### • IMPORTANT INFORMATION •

- Exhibitors are responsible for having their respective Federations declare their horses for the FEI competition BEFORE the close of entries as listed in the FEI Draft Schedules for each week. For 2018, the athletes respective Federation weekly declaration IS THE AUTOMATIC NOMINATION INTO THE #9999 JOG CLASS. The athlete must manually withdraw any horse they do not plan to show (incorrectly nominated by their Federation) before the #9999 jog order is posted to avoid paying the \$675 event fee.
  - We ask that you ONLY declare the number of horses that are allowed in FEI each week; ie., please don't have your Federation declare 6 horses if only 3 are allowed that week. You will be charged \$675 for no shows/late withdrawals after the jog order is posted, for every horse nominated in the Jog Class. This includes the additional horses still in the FEI system exceeding the number that can participate. Proper entries and withdrawals in the Jog Class before the posted order is the sole responsibility of the athlete. There will be NO EXCEPTIONS to this rule.
  - The horse show office will determine the entries for each and every FEI week in the jog class based solely off of the Definite Entries submitted on the FEI Entry System for that week. We will allow substitutions made by Federations up until the time of the jog horse inspection. After that time there will be NO SUBSTITUTIONS.
  - Declarations for individual Classes must be done in the Show Office each week on an Official Add/Drop Sheet. All Declarations must be made by 4PM the day before the class is held, unless otherwise specified.
  - Declarations after that time MAY be accepted by Management only, and IF accepted will result in that horse going first in the competition in question draw.
  - Please make sure to notify the stable office each week BEFORE the jog/stabling time to secure your stall location.
  - Horses must be stabled in FEI area before the horse inspection begins of each week. Note there is a webcam and clock posted at the security gate for management and jury to insure compliance.
  - FEI Horse Inspection will take place at Tuesday 1:00 pm of each week in the FEI area, unless otherwise specified. (Please note the U25 and CSIO horse inspections are defined in the definite schedules for these weeks and vary)
  - Both HORSE and RIDER MUST be CURRENT FEI members in order to jog present at the Horse Inspection.
  - Any changes to jog horse inspection will be posted in the FEI area, Horse Show Offices and Exhibitor Services.
- Other FEI Important Information:**
- Photo ID FEI Credentials are REQUIRED for entrance to FEI Compound at all times.
  - FEI Photos are taken in Exhibitor Services
  - Credentials are signed out from the FEI Office in the FEI Compound
  - Five passes will be issued per horse
    - Rider
    - Trainer
    - Groom
    - 2 Owner (Must be the owner of record in the Passport)
  - Horses living in FEI Stabling, whether they are competing or not must obey ALL FEI RULES. No Exceptions.
  - If you are not competing in FEI that week, we suggest you have a stall elsewhere.

# STANDARD EQUINE HEALTH INFORMATION

Equestrian Sport Productions has had vaccination protocol in place since 2013. We will now adhere to GR845 in which:

1. At Federation licensed competitions, horses more than 7 months of age entering the grounds must be accompanied by documentation of Equine Influenza Virus and Equine Herpes Virus (Rhinopneumonitis) vaccinations within six months (180 days) prior to entering the stables. Horses not in compliance with this rule may be required to leave the competition grounds upon request by Competition Management. Documentation should consist of one of the following methods mentioned below. The frequency of vaccine administration should be per the vaccine manufacturers' or veterinarian's recommendations. It is recommended that vaccines are administered by or under the direction of a veterinarian.

2. In the case of vaccines administered by a veterinarian, the exhibitor, upon request by Competition Management, must provide documentation from the veterinarian on documenting that the horse in question received the vaccinations; name of the vaccines and date of vaccine administration.

3. In the case of vaccines administered by a person other than a veterinarian, the exhibitor, upon request by Competition Management, must provide a receipt of the vaccine purchase which is signed by the owner, or agent with care, custody, and control of the horse; name, serial number and expiration date of the vaccine; and date of vaccine administration.

4. In the case of a horse that is unable to receive either of the vaccinations due to a history of adverse reactions, the exhibitor, upon request by Competition Management, must provide a letter from the veterinarian on official letterhead stating that the horse in question cannot be vaccinated due to medical concerns and a log of temperatures taken twice daily for the seven days prior to entering the competition grounds.

These horses must also have their temperature taken and logged twice daily while on the competition grounds. The log of temperatures should be provided to the

Competition Management, steward, or technical delegate when requested.

5. A current negative coggins test. Please renew before it expires, and not just before it is necessary to leave the state. It is strongly recommended that all horses be vaccinated for Equine EHV-1 (either modified live or killed vaccine) no sooner than 7 days prior and no later than 180 days prior to entering the show grounds. Most EHV-1 vaccines are only considered effective for 180 days. Check with your veterinarian about which vaccine you use.

6. Once the horse leaves the facility you may be required to show a new Statement Of Health upon your return to the facility. Current vaccination against WNV, EEE, WEE, Tetanus and Rabies is strongly recommended

7. You should be able to document your horses normal temperature before arrival. Please do not ship horses with elevated temperatures. It is recommended that you establish a log of temperatures taken at least twice daily. If there is an elevated temperature for more than a 24 hour period, please consult your local Veterinarian immediately.

8. Every effort should be made to minimize stress and commingling of horses shipped long distances. Extra hours on a horse van, or moving from stable to stable is the fastest way to compromise your horses' and your neighbors horses' health.

9. Any horse on the show grounds with a fever of unknown origin or of suspicious origin must be reported to ESP Management. It is always better to err on the side safety. Isolation stalls will either be available on the grounds or at a local veterinary practice if the need arises.

10. Please take the time to review equine good hygiene practices and impress its importance to your groom in everyday care.

You will need to present coggins and EHV-1 Vaccine information before you can pick up back numbers.

# WE KNOW A THING OR TWO ABOUT GUTS

**Probiotics.** They're good for the gut and the immune system, and therefore good for the overall health of your horse. University studies\* found that in order for probiotics to be effective for horses, they must be given at a daily rate of 1 billion CFU of an individual strain. Triple Crown® doesn't just meet this effective rate, they surpass it, and they're the only feed that does so. In fact, Triple Crown feeds have 100 times more guaranteed probiotics than any national brand. Maybe now is a good time to take a closer look at the nutrients in your feed.

# “Wellington Regional Medical Center Is My Hospital”

A career law enforcement professional, Ric Bradshaw grew up in the area, went to high school locally and attended college 20 miles away. In 1971, after serving in the U.S. Marines, he returned to his hometown and joined the West Palm Beach Police. He watched as the southwestern boundary of Palm Beach County flourished and as Wellington Regional Medical Center was built and opened.

“Wellington Regional Medical Center is an integral part of our community. It has been for 30 years. I see everyday that everyone at the hospital has a strong commitment to quality care and to delivering the highest level of service to the people in our community.”

From emergency care, including an accredited Chest Pain Center with PCI and Resuscitation, comprehensive stroke services, to orthopedics, cancer services, weight-loss and lung programs, maternity care and a Level III NICU, Wellington Regional delivers comprehensive care for every member of the family.

“I can’t think of this community without Wellington Regional Medical Center. I’m proud that Wellington Regional is *MY HOSPITAL*.”

“As a patient I know I will be treated with respect and get the best treatment.”

## \$75,000 BATTLE OF THE SEXES EXHIBITION

Saturday Evening, January 13, 2018

SPONSORED BY WELLINGTON REGIONAL MEDICAL CENTER

The Battle of Sexes is an exhibition competition between a team of 10 female riders and a team of 10 male riders competing at the 2018 WEF Circuit invited by management in its sole discretion. Riders may ride a horse of their choice in each phase or the same horse in one or more phases. This is a three-phase competition made up as follows

### Phase I Table C FEI art 239

Faults under Table C are penalized with 4 seconds added per knockdown, which are added to the time taken by the competitor to complete his round or by elimination.

All 10 riders from each team take part. The scoring is based on head to head competition between male and female riders with the winner of each head to head receiving 1 point for their team therefore the maximum points available for a team is 10.

### Phase II

**GCC Relay Format** The teams are made up of three riders. Each team will have three teams. The course will be made up of three consecutive courses, 6 obstacles per course at 1.20. It will be judged as one course of 18 obstacles under Table III faults converted with 2 seconds added for each knock down. Rider #1 goes through the start and completes fences 1-6. Rider #2 starts when rider ones horse lands after fence #6, Jumping fences 7-12. Rider #3 starts when rider ones horse lands after fence #12 Jumping fences 13-18 and crosses the final finish line. The team with the fastest time over the 18 fences will be the winner of the heat. 5 points are awarded for each team heat winner therefore the maximum points available for a team is 15.

### GCC Relay Format Scoring Clarifications:

2 Seconds added for each rail.

4 seconds added total- For a refusal with knockdown.

5 seconds will be added in the event the next team member in sequence leaves the ground jumping fence #7 or #13 before the previous team members horses front two feet land from fence #6 or #12 respectively. The ground Judges at Fence #7 and fence #13 will signal a 5 second penalty by raising a red flag.

Fifteen seconds will be added for any fall of a horse or rider. The clock will stop. A tone will be sounded when it is safe for the next team member to take over in the course where the previous team member fell.

Each team rider is permitted only two refusals. If rider #1 or rider #2 are eliminated for two refusals or a fall of horse or rider the next team member in sequence is responsible for taking over in the course where the previous team member left off. If rider #3 is eliminated, rider #1 is responsible for taking over in the course where the previous team member left off.

The decision of the ground jury is final.

### Phase III

**Match Race FEI art 272** This competition involves a head to head match race between an individual male vs. female rider. The match race will occur over identical courses under FEI Table C art 239 with 3 seconds added per knockdown. All 10 riders from each team take part. Each winner gets three points for their team. Therefore, the maximum points available for a team is 30.

**Draw** Each team will choose its own Captain. The Captains list their 5 riders for Phase I. A flip of a coin will take place for which team goes first in phase I. Phase II The captains will decide their order list from 1 to 10. The five riders not involved with phase I will go at the top of the order in phase II. The leading team will go first in the Table C. After that the teams rotate i.e. if the Female team is drawn first then rider A from females goes first, followed by rider A from the males, next to go will be rider B from the males, followed by rider B from the females and so on. The Captains decide the line up for the Match Race. The leading team will have the first choice of the side in which they wish to start. After the first round, the teams will alternate sides.

In the event of a tie of the overall event the captains flip a coin to see who starts and they pick one rider each to continue head to head in one final heat. The riders will wear team jerseys provided by management.

### PRIZE FUND:

\$50,000 Winning team, \$25,000 Reserve team

**CLASS 950****\$15,000 USHJA INTERNATIONAL HUNTER DERBY****Entry Fee: \$450****JOG FORMAT**

All horses entered in the International Hunter Derby class must jog for soundness during the Official Jog prior to the start of the first round in order to compete. The Official Jog must be held within 12 hours of the start of the first round. This jog will be run in a manner similar to an FEI jog.

**STABLING/SCHOOLING**

A. All horses competing in the Derby class must be on the competition grounds a minimum of 24 hours prior to the start of the first round of the class.

B. All horses will be monitored and must remain on the competition grounds until the horse is finished competing in the Derby class. Any horse that leaves the premises prior to completing its participation in the Derby class is disqualified.

C. All horses must be ridden in official horse show schooling areas unless competition management designates a specific schooling area for derby horses. Riders must wear the horses' competition number while mounted.

**STANDARD HUNT AND GO FORMAT**

A. The Classic Hunter Round, consisting of 7-8 fences with 2 high options, shall be judged on quality, movement, jumping style, manners and way of going.

B. The Handy Hunter Round, consisting of 5-8 fences with 2 high options, shall be judged on quality, movement, jumping style, manners and way of going. Pace, brilliance, and a shorter track are to be rewarded. A horse/rider may not jump decorations or other obstacles in order to create a shorter track.

C. A single score will be given by each judging panel. The score will cover both the Classic Round and the Handy Round. Bonus points of one point per high option jump will be added to each judging panel's score. The scores from each panel will be added together to determine the total score and placement. Prior to the start of the class one judging panel must be designated as the tie breaker.

D. A judging assistant must be present during all phases of the competition. The duties of the judging assistant include notifying the Judges if a rail comes down and when a horse jumps the higher height option fences. The judging assistant is not required to be a licensed official and is not responsible for the scoring of the judging panels. A competition staff member may fill this role.

E. The Option Bonus Score of one additional point for each higher height option fence jumped must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the horse- and-rider combination does jump the higher height option fence.

You may log on to [www.ushja.org](http://www.ushja.org) for more information regarding this class.

SERIES 2018

In the event that a rider cannot find a team he/she may still compete for a ranking points score. Each team must consist of at least 3 riders and no more than four riders. Those teams that only have 3 riders will not have the benefit of a drop score. If a rider or riders cannot field a team the management may put together teams at their sole discretion. The Series will be open to riders who have not reached the end of the calendar year that they reach twenty-five (25). Teams must be declared by 4 pm on Tuesday January 30.

**SPECIAL WEF RULES FOR THE HERMÈS UNDER 25 SERIES:**

All horses must jog and present a FEI Passport to the steward at the time of the jog. FEI Medication and Schooling rules will be in effect beginning with the Horse Inspection. For a list of these rules please log on to [www.fei.org](http://www.fei.org). The starting order for the second round will be in the reverse order of total penalties in the first round of the best three riders from each team. Only the top 6 teams will return for the second round.

In case of equal penalties the teams will retain the starting order of the first round. Riders in each team start in the same order of the first round. Placing will be based on the number of penalties from the first round added to the number of penalties in the second round. Teams with an equal number of penalties will remain tied. For U25 standings only the first round will count for individual standings.

# THE 9<sup>TH</sup> ANNUAL GREAT CHARITY CHALLENGE

## PRESENTED BY FIDELITY INVESTMENTS®

The teams are made up of 1 professional/ Grand Prix rider, two Junior/ Amateur riders (The team can have two Amateurs, or two Juniors or 1 Amateur and 1 Junior)

The course will be made up of 3 consecutive courses, 7 obstacles at 1.10 followed by 7 obstacles at 1.20 followed by 7 obstacles at 1.30. It will be judged as one course of 21 obstacles under Table III faults converted with 2 seconds added for each knock down.

Rider one goes through the start and completes the 1.10 course the next rider starts when rider ones horse lands after the last fence the next rider goes around the 1.20 course and once they land after the last fence the professional goes around the 1.30 course and crosses the final finish line.

The team with the fastest time over the 21 fences will be the winner.

The band will play a 45 second intro while the riders become acclimated with the ring and set in their ready positions.

Please note that we need all teams to enter at the instruction of staff and exit promptly after the completion of their round. We are holding the next team up from entering the ring until all horses have cleared the ring chute. After leaving the chute please go left.

**COSTUME GUIDELINES:** Please note that Management reserves the right to ask riders to remove any part of their costumes which are considered unsafe while competing (examples include capes, anything that obstructs vision or scares horses, etc). We highly encourage team spirit and fun, but safety needs to be paramount. All costume judging to take place during the event pre-party, from 5 to 6 pm in Special Events.

### RIDERS ARE NOT TO START DURING THE INITIAL 45 SECOND MUSIC SET

At the conclusion of the music set, the tone will be immediately sounded and the countdown clock will start at 15 seconds. If the countdown clock reaches the end of the 15 seconds without a start, the timer will automatically begin. The professional must jump the 1.30 course but the team can decide who jumps the 1.10 and 1.20 courses.

### CLASS SCORING CLARIFICATIONS:

2 Seconds added for each rail.

4 seconds added total for a refusal with knockdown.

5 seconds will be added in the event the next team member in sequence leaves the ground jumping fence #8 or #15 before the previous team member's horse's front two feet land from fence # 7 or #14 respectively. The ground Judges at Fence #7 and fence #14 will signal the landing of the fence by raising a red flag.

20 seconds will be added for any fall of a horse or rider. The clock will stop. A tone will be sounded when it is safe for the next team member to take over in the course where the previous team member fell.

15 seconds will be added for any fall of a horse or rider. The clock will stop. A tone will be sounded when it is safe for the next team member to take over in the course where the previous team member fell.

Each team rider is permitted only two refusals. The 1.10 or the 1.20 team rider is eliminated for two refusals and or fall of horse or rider: If this takes place, it is the next team member in sequence that is responsible for taking over in the course where the previous team member left off. If the professional is eliminated for two refusals or fall, unfortunately the team will not receive a score.

The decision of the ground jury is final.

3. The 2017 WCHR Junior and Amateur Owner 3'6" National Champions. Invitees may ride the horse of their choice\* but must designate the height at which the horse-and-rider combination is eligible and will compete.\*Amateur Owner riders must compete on a horse that either they or a member of their family owns per HU107
4. The winning rider of the WCHR Professional Challenge AND the WCHR Professional Finals at the 2017 Capital Challenge Horse Show, and the 2017 WCHR Professional National Champion. Invitees may ride the horse of their choice but must designate the height at which the horse-and-rider combination is eligible and will compete.
5. The 2017 WCHR Developing Professional National Champion AND the winner of the Developing Professional Challenge at the 2017 Capital Challenge Horse Show. Invitees may ride the horse of their choice but must designate the height at which the horse-and-rider combination is eligible and will compete.

6. The Champion and Reserve Champion horse-and-rider combinations of the WCHR hunter sections 3'6" or higher during the 2018 WCHR Spectacular week. If the Champion or Reserve Champion horse-and-rider combination from any section declines to participate then WCHR may choose to invite the 3rd and 4th place horse-and-rider combinations of that same section to compete.

A horse must be ridden by the same rider throughout the entire hunter section (exception: under saddle classes) to be eligible to compete in the 2018 WCHR Hunter Spectacular of Palm Beach. Qualifying to compete in the WCHR Hunter Spectacular is based on the horse-and-rider combination; no horse or rider substitutions allowed.

Those riders who pre-qualify for the WCHR Hunter Spectacular through a bye (see #1-5 above) must utilize that bye through entering a horse of their choice (see rules in #1-5 above) and then may qualify one additional horse out of the eligible hunter sections. When a rider with one bye qualifies two horses out of the eligible hunter sections the horse with fewer points in their hunter section must be used for the bye. In the case that a rider pre-qualifies with two byes he must utilize both of those byes. In the event that a rider has two byes, he may not qualify any additional horse out of the eligible hunter sections.

When qualifying from more than one section, the qualifying horse-and-rider combination will compete in the Spectacular from the section from which they have the highest number of points on the championship chart. In the case of an equal amount of points in more than one (1) section, the horse-and-rider combination will compete in the Spectacular from the section from which they first qualified.

The Spectacular will count for HOTY points and money won (where applicable) in the section from which the horse qualified or in the case of a bye, in the section declared at the time of entry, for which the horse must be eligible and that corresponds to the height jumped

## THIS IS My HORSE™

From day one, when I watched Annie walk out of the barn, there was something about her. When you see her jump, there are no words. She is something special, something brilliant. If you appreciate horses, you have to appreciate what is in her. I hope that she will win what Sapphire has won. I even hope she will win more. Although they are very different horses in their way, there are some similarities. They are both really intelligent and there is just something different about them from others. My job is to take care of her, give her the best ride possible, and stay out of her way. So far we are okay!

in the Spectacular. The two-round stand-alone Hunter Classic point scale will be utilized when awarding National HOTY bonus points. See HU146.9(b).

In fairness to all potential entrants, declarations from Professionals to show in the WCHR Hunter Spectacular, whether utilizing a bye or qualifying from one of the following hunter sections: Green 3'6", Green 3'9", Green Conformation, Regular Conformation, Performance Working Hunter 3'6" and High Performance Working Hunter, must be made with USHJA staff at the USHJA/WCHR tent and in the Horse Show office by noon on Friday February 16, 2018. Declarations from Juniors and Amateurs must be made within 1 hour of the conclusion of each rider's last eligible section. (i.e., Juniors after the final Junior Hunter Section and Amateurs after the final Amateur Owner Hunter Section) This will allow WCHR to extend timely invitations to the next eligible rider should someone decline to participate.

In the case of a bye, HOTY points and money won will only be awarded towards a declared Hunter section for HOTY points if the horse competes in the declared section a minimum of five (5) times during the competition year.

This class will be conducted under USEF General Rules and drug testing procedures. Horse-and-rider combinations will compete at the respective height of the section from which they qualified or in the case of invitees, at any one respective height for which they are eligible.

The class consists of two rounds, both of which will be judged by a minimum of three judging panels consisting of two judges each. The open numerical scoring system will be utilized with each panel's score announced and then averaged to determine a final average numerical score for each horse. The top twelve (12) horses will be called back for a second round from low to high score within their respective heights. The height section including the horse with the highest first round average score shall return last. The second round should include elements that allow horse and rider to demonstrate brilliance,

rideability and handiness, no trot fences will be permitted. Each round of the Spectacular is to count 50%. The final average score from Round One will be added to the final average score from Round Two to determine the overall total final score.

In case of a tie in either the first or second round: Panel One's score is the tie-breaker. In case of a tie in the overall standings: Panel One's second round score is the tie-breaker.

There will be one course walk, for both rounds, before the start of the first round. There will be no further course walks. All horses entered in the class must jog for soundness before the start of the class to be eligible to compete. The designated jog area, time and order will be determined by management and conducted prior to the course walk. Once the Jog order is posted, no further substitutions may made. All horses must be presented at the Official Jog with their actual competition number and wearing a conventional hunter bridle and noseband. Proper attire is required (riding clothes or proper attire than an exhibitor would wear to compete in a model class.) The jog will be officiated by a minimum of one large R license judge and one large R licensed steward. Show management may reserve the right to deviate from the appointed jog time if deemed necessary.

Formal attire is required.

Winner receives: Cooler, Dark Continent Perpetual Trophy, and Let's Dance Perpetual Trophy

1st-12th place - 30%, 22%, 13%, 8%, 6%, 5%, 4%, 3%, 3%, 2%, 2%, 2% and ribbons

## MINI DRAGNFLY

The MINI DragNfly has an open cage roller on the front, next there is three rows of tines that work like fingers to mix and spread the surface keeping the footing from clumping, giving an ultimate mixing effect of the surface. This drag is designed to mix the surface only. This drag cannot dig, working great for shallow footing surfaces. It can be pulled behind ATV, golfcart etc, or small compact tractor.

Sizes D60", D72", D84", D96"

## THE DRAGNFLY

The unique design of the DragNfly features a row of adjustable, aggressive ripper teeth that are offset, having a working depth of up to 4 inches. The teeth are designed with a curve on the bottom to roll unused footing to the surface. The rear two rows of spring tines are off set and can be adjusted by a manual ratchet. The spring tines work like fingers to mix & spread keeping the footing from clumping, giving an ultimate mixing effect of the surface. The rear bar roller rolls the material back down leaving an attractive pattern finish. The DragNfly handles all types of footings. The DragNfly can easily be pulled with small tractor, ATV, UTV, Golfcart ect.. sizes D60", D72", D84", D96"

## DRAGNFLY PRO

The DragNfly PRO renovates and conditions conventional and synthetic footings on horse riding arenas and tracks. Since this groomer handles all types of footings there is no need to buy multiple groomers when you change the footing surface in your arena. The DragNfly PRO adds unique features over the DragNfly. The 3 Point Hitch swivels to allow easier turning without throwing the footing. Coupled with a compact length, this groomer allows tight turns around jumps with a relatively low horsepower requirement.

Sizes D72", D84", D96"

OSPPOS should not be used in pregnant or lactating mares, or mares intended for breeding. Use of OSPPOS in patients with conditions affecting renal function or mineral or electrolyte homeostasis is not recommended. Refer to the prescribing information for complete details or visit [www.dechra-us.com](http://www.dechra-us.com) or call 866.933.2472.

## OSPPOS® (clodronate injection)

Bisphosphonate  
For use in horses only.

Brief Summary (For Full Prescribing Information, see package insert)

CAUTION: Federal (USA) law restricts this drug to use by or on the order of a licensed veterinarian.

DESCRIPTION: Clodronate disodium is a non-amino, chloro-containing bisphosphonate. Chemically, clodronate disodium is (dichloromethylene) diphosphonic acid disodium salt and is manufactured from the tetrahydrate form.

INDICATION: For the control of clinical signs associated with navicular syndrome in horses.

CONTRAINDICATIONS: Horses with hypersensitivity to clodronate disodium should not receive OSPPOS.

WARNINGS: Do not use in horses intended for human consumption.

HUMAN WARNINGS: Not for human use. Keep this and all drugs out of the reach of children. Consult a physician in case of accidental human exposure.

PRECAUTIONS: As a class, bisphosphonates may be associated with gastrointestinal and renal toxicity. Sensitivity to drug associated adverse reactions varies with the individual patient. Renal and gastrointestinal adverse reactions may be associated with plasma concentrations of the drug. Bisphosphonates are excreted by the kidney; therefore, conditions causing renal impairment may increase plasma bisphosphonate concentrations resulting in an increased risk for adverse reactions. Concurrent administration of other potentially nephrotoxic drugs should be approached with caution and renal function should be monitored. Use of bisphosphonates in patients with conditions or diseases affecting renal function is not recommended. Administration of bisphosphonates has been associated with abdominal pain (colic), discomfort, and agitation in horses. Clinical signs usually occur shortly after drug administration and may be associated with alterations in intestinal motility. In horses treated with OSPPOS these clinical signs usually began within 2 hours of treatment. Horses should be monitored for at least 2 hours following administration of OSPPOS.

Bisphosphonates affect plasma concentrations of some minerals and electrolytes such as calcium, magnesium and potassium, immediately post-treatment, with effects lasting up to several hours. Caution should be used when administering bisphosphonates to horses with conditions affecting mineral or electrolyte homeostasis (e.g. hyperkalemic periodic paralysis, hypocalcemia, etc.).

The safe use of OSPPOS has not been evaluated in horses less than 4 years of age. The effect of bisphosphonates on the skeleton of growing horses has not been studied; however, bisphosphonates inhibit osteoclast activity which impacts bone turnover and may affect bone growth.

Bisphosphonates should not be used in pregnant or lactating mares, or mares intended for breeding. The safe use of OSPPOS has not been evaluated in breeding horses or pregnant or lactating mares. Bisphosphonates are incorporated into the bone matrix, from where they are gradually released over periods of months to years. The extent of bisphosphonate incorporation into adult bone, and hence, the amount available for release back into the systemic circulation, is directly related to the total dose and duration of bisphosphonate use. Bisphosphonates have been shown to cause fetal developmental abnormalities in laboratory animals. The uptake of bisphosphonates into fetal bone may be greater than into maternal bone creating a possible risk for skeletal or other abnormalities in the fetus. Many drugs, including bisphosphonates, may be excreted in milk and may be absorbed by nursing animals.

Increased bone fragility has been observed in animals treated with bisphosphonates at high doses or for long periods of time. Bisphosphonates inhibit bone resorption and decrease bone turnover which may lead to an inability to repair micro damage within the bone. In humans, atypical femur fractures have been reported in patients on long term bisphosphonate therapy; however, a causal relationship has not been established.

ADVERSE REACTIONS: The most common adverse reactions reported in the field study were clinical signs of discomfort or nervousness, colic and/or pawing. Other signs reported were lip licking, yawning, head shaking, injection site swelling, and hives/pruritus.

## GREEN PONY HUNTER

A green pony is a pony of any age not exceeding 14.2 hands that has not been shown over fences the regulation height or higher for its respective section (2'3" for small, 2'6" for medium and 2'9" for large) prior to December 1st of the current competition year at a Regular Competition of USEF or Equine Canada or any national or international competition. Showing in Canada over fences at or higher than the regulation height for the pony's section under Equine Canada rules breaks the pony's green status for the purpose of this Article and Federation rules whether or not the regulation height for the pony's section under Equine Canada rules is less than, equal to, or greater than the regulation height for the pony's section under Federation rules. Ponies who have not broken their Green Status must jump less than their regulation height in open classes or their Green Status will be broken. Once a pony has broken its green status in one Hunter Pony section (i.e., small, medium, large) it will not regain its green status by moving into another Hunter Pony section. If a competition starts prior to or on November 30, Green Pony status at the start of the competition is maintained throughout the competition. A pony's green status is considered to be broken once it competes over fences the regulation height or higher for its respective section (see above). The pony's green status may be reinstated for a future competition year if it was not shown at more than four (4) competitions prior to September 1st. (HU103.11) In classes over fences, ponies not exceeding 12.2 hands to jump 2'3", ponies over 12.2 hands but not exceeding 13.2 hand to jump 2'6", and ponies over 13.2 hands but not exceeding 14.2 hand to jump 2'9". In the flat phase, not more than 30 riders at one time will show as a group at the working walk, the working trot sitting, the working trot rising, as well as showing a lengthening of stride; the working canter, and the working canter showing a lengthening of stride. At least 20 riders, if available, or 50% of the entries, if that is a greater number, must be called back for the second phase.
