An FEI Prize List will be released under separate cover once all of the draft schedules have been approved by FEI. You will be able to find individual schedules once they are approved at www.fei.org.

FEI RULES

• IMPORTANT INFORMATION •

- Exhibitors are responsible for having their respective Federations declare their horses for the FEI competition BEFORE the close of entries as listed in the FEI Draft Schedules for each week. For 2021, the athletes respective Federation weekly declaration IS THE AUTOMATIC NOMINATION INTO THE #9999 JOG CLASS. The athlete must manually withdraw (with Federation or in the Horse Show Office) any horse they do not plan to show (incorrectly nominated by their Federation) by 4:00 P.M. Sunday the week prior to the competition to avoid paying the \$675 “no-show” fee as stated in the approved FEI schedule.
 - We ask that you ONLY declare the number of horses that are allowed in FEI each week; ie., please don’t have your Federation declare 6 horses if only 3 are allowed that week. You will be charged \$675 for no shows/late withdrawals after the jog order is posted, for every horse nominated in the Jog Class. This includes the additional horses still in the FEI system exceeding the number that can participate. Proper entries and withdrawals in the Jog Class before the posted order is the sole responsibility of the athlete. There will be NO EXCEPTIONS to this rule.
 - The horse show office will determine the entries for each and every FEI week in the jog class based solely off of the Definite Entries submitted on the FEI Entry System for that week. We will allow substitutions made by Federations up until one hour prior to the jog / horse inspection. After that time there will be NO SUBSTITUTIONS.
 - Declarations for individual Classes must be done in the Show Office each week on an Official Add/Drop Sheet. All Declarations must be made by 4:00 P.M. the day before the class is held, unless otherwise specified.
 - Declarations after that time MAY be accepted by Management only, and IF accepted will result in that horse going first in the competition in question.
 - Responsible party MUST notify the stable office each week BEFORE the jog/stabling time to secure your stall location.
 - Horses must be checked in to FEI secure stabling area between 10:00 - 11:00 A.M. Tuesday for Veterinary/Passport pre-check before the horse inspection begins each week. (Unless approved FEI schedule says otherwise)
 - ** Note there is a webcam and clock posted at the security gate for management and jury to insure compliance.**
 - FEI Horse Inspection will take place at Tuesday 12:00 P.M. of each week in the FEI area, unless otherwise specified. (Please note the U25 and CSIO horse inspections are defined in the definite schedules for these weeks and vary)
 - Both HORSE and RIDER MUST be CURRENT FEI members in order to jog present at the Horse Inspection.
 - Any changes to jog horse inspection will be posted in the FEI area, Horse Show Offices and Exhibitor Services.
- Other FEI Important Information:
- Photo ID FEI Credentials are REQUIRED for entrance to FEI Compound at all times.
 - FEI Photos are taken in Exhibitor Services
 - Credentials are signed out from the FEI Office in the FEI Compound
 - Five passes will be issued per horse
 - Rider
 - Trainer
 - Groom
 - 2 Owner (Must be the owner of record in the Passport)
- **Note we DO NOT issue FEI credentials for spouse/friend/media****

STANDARD EQUINE HEALTH INFORMATION

EQUESTRIAN SPORT PRODUCTIONS HAS HAD VACCINATION PROTOCOL IN PLACE SINCE 2013.
WE WILL NOW ADHERE TO GR845 IN WHICH:

At Federation licensed competitions horses, more than 7 months of age, entering the grounds must be accompanied by documentation of Equine Influenza Virus and Equine Herpes Virus (Rhinopneumonitis) vaccinations within six months (180 days) prior to entering the stables. Horses not in compliance with this rule may be required to leave the competition grounds upon request by Competition Management. Documentation should consist of one of the following methods mentioned below. The frequency of vaccine administration should be per the vaccine manufacturers' or veterinarian's recommendations. It is recommended that vaccines are administered by or under the direction of a veterinarian.

2. In the case of vaccines administered by a veterinarian, the exhibitor, upon request by Competition Management, must provide documentation from the veterinarian on documenting that the horse in question received the vaccinations; name of the vaccines and date of vaccine administration.

3. In the case of vaccines administered by a person other than a veterinarian, the exhibitor, upon request by Competition Management, must provide a receipt of the vaccine purchase which is signed by the owner, or agent with care, custody, and control of the horse; name, serial number and expiration date of the vaccine; and date of vaccine administration.

4. In the case of a horse that is unable to receive either of the vaccinations due to a history of adverse reactions, the exhibitor, upon request by Competition Management, must provide a letter from the veterinarian on official letterhead stating that the horse in question cannot be vaccinated due to medical concerns and a log of temperatures taken twice daily for the seven days prior to entering the competition grounds.

These horses must also have their temperature taken and logged twice daily while on the competition grounds.

The log of temperatures should be provided to the Competition Management, steward, or technical delegate when requested.

5. A current negative coggins test. Please renew before it expires, and not just before it is necessary to leave the state. It is strongly recommended that all horses be vaccinated for Equine EHV-1 (either modified live or killed vaccine) no sooner than 7 days prior and no later than 180 days prior to entering the show grounds. Most EHV-1 vaccines are only considered effective for 180 days. Check with your veterinarian about which vaccine you use.

6. Once the horse leaves the facility you may be required to show a new Statement Of Health upon your return to the facility. Current vaccination against WNV, EEE, WEE, Tetanus and Rabies is strongly recommended

7. You should be able to document your horses normal temperature before arrival. Please do not ship horses with elevated temperatures. It is recommended that you establish a log of temperatures taken at least twice daily. If there is an elevated temperature for more than a 24 hour period, please consult your local Veterinarian immediately.

8. Every effort should be made to minimize stress and commingling of horses shipped long distances. Extra hours on a horse van, or moving from stable to stable is the fastest way to compromise your horses' and your neighbors horses' health.

9. Any horse on the show grounds with a fever of unknown origin or of suspicious origin must be reported to ESP Management. It is always better to err on the side safety. Isolation stalls will either be available on the grounds or at a local veterinary practice if the need arises.

10. Please take the time to review equine good hygiene practices and impress its importance to your groom in everyday care.

You will need to present coggins and Flu/Rhino vaccine information before you can pick up back numbers.

CLASS 907

\$25,000 USHJA 2* INTERNATIONAL HUNTER DERBY

ENTRY FEE: \$750
Jog Format
All horses entered in the International Hunter Derby class must jog for soundness during the Official Jog prior to the start of the first round in order to compete. The Official Jog must be held within 12 hours of the start of the first wether.cowptvwwptvwround. This jog will be run in a manner similar to an FEI jog.

Stabling/Schooling
A. All horses competing in the Derby class must be on the competition grounds a minimum of 24 hours prior to the start of the first round of the class.
B. All horses will be monitored and must remain on the competition grounds until the horse is finished competing in the Derby class. Any horse that leaves the premises prior to completing its participation in the Derby class is disqualified.
C. All horses must be ridden in official horse show schooling areas unless competitionmanagement designates a specific schooling area for derby horses. Riders must wear the horses' competition number while mounted.

Standard Hunt and Go Format
A. The Classic Hunter Round, consisting of 7-8 fences with 2 high options, shall be judged on quality, movement, jumping style, manners and way of going.
B. After the completion of the classic round horses will pick up their pace and pass through a set of markers to begin their handy portion of the class. The Handy Hunter Round, consisting of 5-8 fences with 2 high options, shall be judged on quality, movement,

jumping style, manners and way of going. Pace, brilliance, and a shorter track are to be rewarded. A horse/rider may not jump decorations or other obstacles in order to create a shorter track.
C. Two scores will be given by each judging panel, with one score for the Classic Round and one score for the Handy Round. Bonus points of one point per high option jump will be added to each judging panel's score. The scores from each panel will be added together to determine the total score and placement. Prior to the start of the class one judging panel must be designated as the tie breaker.
D. A judging assistant must be present during all phases of the competition. The duties of the judging assistant include notifying the Judges if a rail comes down and when a horse jumps the higher height option fences. The judging assistant is not required to be a licensed official and is not responsible for the scoring of the judging panels. A competition staff member may fill this role.
E. The Option Bonus Score of one additional point for each higher height option fence jumped must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the horse- and-rider combination does jump the higher height option fence.
You may log on to www.ushja.org for more information regarding this class.

Prize Money
\$7,500, \$5,500, \$3,250, \$2,000, \$1,500, \$1,250, \$1,000, \$750, \$750, \$500, \$500, \$500

Introducing our most kysse-able product yet, Restylane® Kysse—
a lip filler for natural-looking volume and kissable softness.¹

Important Safety Information

Indication: Restylane® Kysse is indicated for injection into the lips for lip augmentation and for correction of upper perioral rhytids in patients over the age of 21.

Restylane Kysse contains traces of gram-positive bacterial protein and is contraindicated for patients with allergies to such material or for patients with severe allergies that have required in-hospital treatment. Restylane Kysse should not be used by patients with bleeding disorders, with hypersensitivity to amide-type local anesthetics, such as lidocaine, or by women who are pregnant or breastfeeding.

Use of Restylane Kysse at the site of skin sores, pimples, rashes, hives, cysts, or infection should be postponed until healing is complete. The most commonly observed side effects are swelling, tenderness, bruising, pain, and redness at the injection site. These are typically mild in severity and usually resolve

within 7 days after treatment. Serious but rare side effects include delayed onset infections, recurrence of herpetic eruptions, and superficial necrosis and scarring at the injection site. Do not implant into blood vessels. Use with caution in patients recently treated with anticoagulant or platelet inhibitors to avoid bleeding and bruising.

Treatment volume should be limited to 1.5 mL per lip per treatment and 1.0 mL for upper perioral rhytid correction, as greater amounts significantly increase moderate and severe injection site reactions. The safety or effectiveness of treatment in areas other than lips and upper perioral rhytids has not been established in controlled clinical studies.

Restylane Kysse is only available through a licensed practitioner. Complete Instructions for Use are available at www.RestylaneKysse.com.

CLASS 907

\$25,000 USHJA 2* INTERNATIONAL HUNTER DERBY
HUNT & GO FORMAT

ENTRY FEE: \$750
JOG FORMAT
All horses entered in the International Hunter Derby class must jog for soundness during the Official Jog prior to the start of the first round in order to compete. The Official Jog must be held within 12 hours of the start of the first round. This jog will be run in a manner similar to an FEI jog.

STABLING/SCHOOLING
A. All horses competing in the Derby class must be on the competition grounds a minimum of 24 hours prior to the start of the first round of the class.
B. All horses will be monitored and must remain on the competition grounds until the horse is finished competing in the Derby class. Any horse that leaves the premises prior to completing its participation in the Derby class is disqualified.
C. All horses must be ridden in official horse show schooling areas unless competitionmanagement designates a specific schooling area for derby horses. Riders must wear the horses' competition number while mounted.

STANDARD HUNT AND GO FORMAT
A. The Classic Hunter Round, consisting of 7-8 fences with 2 high options, shall be judged on quality, movement, jumping style, manners and way of going.
B. After the completion of the classic round horses will pick up their pace and pass through a set of markers to begin their handy portion of the class. The Handy Hunter Round, consisting of 5-8 fences with 2 high options, shall be judged on quality, movement, jumping style, manners and way of

going. Pace, brilliance, and a shorter track are to be rewarded. A horse/rider may not jump decorations or other obstacles in order to create a shorter track.
C. Two scores will be given by each judging panel, with one score for the Classic Round and one score for the Handy Round. Bonus points of one point per high option jump will be added to each judging panel's score. The scores from each panel will be added together to determine the total score and placement. Prior to the start of the class one judging panel must be designated as the tie breaker.
D. A judging assistant must be present during all phases of the competition. The duties of the judging assistant include notifying the Judges if a rail comes down and when a horse jumps the higher height option fences. The judging assistant is not required to be a licensed official and is not responsible for the scoring of the judging panels. A competition staff member may fill this role.
E. The Option Bonus Score of one additional point for each higher height option fence jumped must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the horse- and-rider combination does jump the higher height option fence.
You may log on to www.ushja.org for more information regarding this class.

PRIZE MONEY

THE 12TH ANNUAL GREAT CHARITY CHALLENGE EXHIBITION CLASS

PRESENTED BY FIDELITY INVESTMENTS®

The teams are made up of 1 professional/ Grand Prix rider, 2 Junior/Amateur riders. (The team can have 2 Amateurs, or 2 Juniors or 1 Amateur and 1 Junior)

The course will be made up of 3 consecutive courses, 7 obstacles at 1.10 followed by 7 obstacles at 1.20 followed by 7 obstacles at 1.30. It will be judged as one course of 21 obstacles under Table III faults converted with 2 seconds added for each knock down.

Rider one goes through the start and completes the 1.10 course the next rider starts when rider ones horse lands after the last fence the next rider goes around the 1.20 course and once they land after the last fence the professional goes around the 1.30 course and crosses the final finish line.

The team with the fastest time over the 21 fences will be the winner.

The band will play a 45 second intro while the riders become acclimated with the ring and set in their ready positions.

Please note that we need all teams to enter at the instruction of staff and exit promptly after the completion of their round. We are holding the next team up from entering the ring until all horses have cleared the ring chute. After leaving the chute please go left.

COSTUME GUIDELINES: Please note that Management reserves the right to ask riders to remove any part of their costumes which are considered unsafe while competing (examples include capes, anything that obstructs vision or scares horses, etc). We highly encourage team spirit and fun, but safety needs to be paramount.

All costume judging to take place during the event pre-party, from 5 to 6 PM in Special Events.

RIDERS ARE NOT TO START DURING THE INITIAL 45 SECOND MUSIC SET

At the conclusion of the music set, the tone will be immediately sounded and the countdown clock will start at 15 seconds. If the countdown clock reaches the end of the 15 seconds without a start, the timer will automatically begin. The professional must jump the 1.30 course but the team can decide who jumps the 1.10 and 1.20 courses.

CLASS SCORING CLARIFICATIONS:

2 seconds added for each rail.

4 seconds added total for a refusal with knockdown.

5 seconds will be added in the event the next team member in sequence leaves the ground jumping fence #8 or #15 before the previous team member's horse's front two feet land from fence# 7 or #14 respectively. The ground Judges at Fence #7 and fence #14 will signal the landing of the fence by raising a red flag.

20 seconds will be added for any fall of a horse or rider. The clock will stop. A tone will be sounded when it is safe for the next team member to take over in the course where the previous team member fell.

15 seconds will be added for any fall of a horse or rider. The clock will stop. A tone will be sounded when it is safe for the next team member to take over in the course where the previous team member fell.

Each team rider is permitted only two refusals. The 1.10 or the 1.20 team rider is eliminated for two refusals and or fall of horse or rider: If this takes place, it is the next team member in sequence that is responsible for taking over in the course where the previous team member left off. If the professional is eliminated for two refusals or fall, unfortunately the team will not receive a score.

Holding Area Safety- For the past several years there has been too many people on the ground around the horses prior to the teams going in the ring. In the interest of safety, with the exception of a single team captain and 1 groom per horse we will be requiring everyone else to remain behind the barrier fences. This is for both before the round and after the round. The teams will be responsible for any of these violations andddd can be accessed a one second penalty by Management or officials for any vioation. This is in the interest of everyone's saftety so please make sure all of your ground support are aware of these rules.

The decision of the ground jury and/or managemnent is final.

\$50,000 WCHR PETER WETHERILL PALM BEACH HUNTER SPECTACULAR

CONTINUED

A horse must be ridden by the same rider throughout the entire hunter section (exception: under saddle classes) to be eligible to compete in the 2021 WCHR Hunter Spectacular of Palm Beach. Qualifying to compete in the WCHR Hunter Spectacular is based on the horse-and-rider combination; no horse or rider substitutions allowed.

Those riders who pre-qualify for the WCHR Hunter Spectacular through a bye (see #1-5 above) must utilize that bye through entering a horse of their choice (see rules in #1-5 above) and then may qualify one additional horse out of the eligible hunter sections. When a rider with one (1) bye qualifies two (2) horses out of the eligible hunter sections the horse with fewer points in their hunter section must be used for the bye. In the case that a rider pre-qualifies with two (2) byes he must utilize both of those byes. In the event that a rider has two (2) byes, he may not qualify any additional horse out of the eligible hunter sections.

When qualifying from more than one section, the qualifying horse-and-rider combination will compete in the Spectacular from the section from which they have the highest number of points on the championship chart. In the case of an equal amount of points in more than one (1) section, the horse-and-rider combination will compete in the Spectacular from the section from which they first qualified.

The Spectacular will count for HOTY points and money won (where applicable) in the section from which the horse qualified or in the case of a bye, in the section declared at the time of entry, for which the horse must be eligible and that corresponds to the height jumped in the Spectacular. The two-round stand-alone Hunter Classic point scale will be utilized when awarding National HOTY bonus points. See HU173.9(b).

In the case of a bye, HOTY points and money won will only be awarded towards a declared Hunter section for HOTY points if the horse competes in the declared section a minimum of five (5) times during the competition year.

In fairness to all potential entrants, declarations from Professionals to show in the WCHR Hunter Spectacular, whether utilizing a bye or qualifying from one (1) of the following hunter sections: Green 3’6”, Green 3’9”, Green Conformation, Regular Conformation, Performance Working Hunter 3’6” and High Performance Working Hunter, Young Hunter 3’6” must be made with USHJA staff at the USHJA/WCHR tent and in the Horse Show office by noon on Friday February 14, 2021. Declarations from Juniors and Amateurs must be made within one (1) hour of the conclusion of each rider’s last eligible section. (i.e., Juniors after the final Junior Hunter Section and Amateurs after the final Amateur Owner Hunter Section). This will allow WCHR to extend timely invitations to the next eligible rider should someone decline to participate.

This class will be conducted under USEF General Rules and drug testing procedures. Horse-and-rider combinations will compete at the respective height of the section from which they qualified or in the case of invitees, at any one respective height for which they are eligible.

This is a two (2) round classic. The first round is scored as a classic hunter round. The second round includes elements that allow the horse and rider to demonstrate brilliance, rideability and handiness. No trot fences will be permitted. Both of rounds will be judged by a minimum of three judging panels consisting of two judges each. The open numerical scoring system will be utilized with each panel’s score announced and then averaged to determine a final average numerical score for each horse. The top twelve (12) horses will be called back for a second round from low to high score within their respective heights. The height section including the horse with the highest first round average score shall return last. Each round of the Spectacular is to count 50%. The final average score from Round One (1) will be added to the final average score from Round Two (2) to determine the overall total final score.

In case of a tie in either the first or second round: Panel One’s score is the tie-breaker. In case of a tie in the overall standings: Panel One’s second round score is the tie-breaker.

There will be one course walk, for both rounds, before the start of the first round. There will be no further course walks. All horses entered in the class must jog for soundness before the start of the class to be eligible to compete. The designated jog area, time and order will be determined by management and conducted prior to the course walk. Once the Jog order is posted, no further substitutions may be made. All horses must be presented at the Official Jog with their actual competition number and wearing a conventional hunter bridle and noseband. Proper attire is required (riding clothes or proper attire than an exhibitor would wear to compete in a model class.) The jog will be officiated by a minimum of one large R license judge and one large R licensed steward. Show management may reserve the right to deviate from the appointed jog time if deemed necessary.

An Officials Meeting will be held prior to the Riders Meeting. Judges, Course Designer, Steward, and Competition Manager are required to meet prior to the start of the class to review the specifications and judging system.

A Riders Meeting will be held prior to the start of the class to answer any questions regarding the course and class specifications. The meeting will be conducted by a USHJA / WCHR Representative assisted by management, a large R licensed Steward, one officiating Judge and the Course Designer.

Formal attire is required.

Winner receives: Cooler, Dark Continent Perpetual Trophy, and Let’s Dance Perpetual Trophy 1st-12th place – 30%, 22%, 13%, 8%, 6%, 5%, 4%, 3%, 3%, 2%, 2%, 2% and ribbons

The Mark Gregory Perpetual Trophy shall be awarded to the best conditioned horse in the first round of the WCHR Hunter Spectacular.

The Charlie Weaver Perpetual Award shall be awarded to the highest scoring conformation horse of the first round of the WCHR Hunter Spectacular.

CLASS 2999 THE 14TH ANNUAL WEF EQUITATION CHAMPIONSHIP

The WEF Equitation Championship is a unique Equitation Finals. The term “equitation” is synonymous with “good riding” which is what this finals stands for. Riders will have the opportunity to show in The International Arena and be judged on their execution and style by several top horseman, some of which can be High Performance Riders.

Qualifications: Invitations are automatically extended to winners prior to March 21 of any 2021 Winter Equestrian Festival (Premiere-WEF 10) USEF Hunt Seat Medal, ASPCA Maclay, USEF Talent Search or WIHS Overall, Hunter Phase or Jumper Phase equitation classes and the same classes at the Holiday and Horses Horse Show held November 24-29, 2020, and the Holiday Finale held December 30-January 3, 2021. Previous winners of the WEF Equitation Championship are no longer eligible to compete. We will accept the top 40 riders for this final. If 40 riders are not entered by 4:00 P.M. on Thursday, March 25 we will accept riders based on their ranking using the Christy Conard standings. This FINAL is open to Junior members only.

Judging: The Judges panel will consist of 5 to 6 top horsemen designated by management. Each panel will submit a numerical score for Round 1 and Round 2 which will be added to the other panels score. One judge will judge the schooling area and penalize any rider with questionable practices from the time the horse enters the designated holding area and throughout the exhibition. Knowledge of USEF Jumper schooling rules EQ108.15 (see JP Appendix A) and good horsemanship may be rewarded. A negative 1 (-1), negative 2 (-2), zero (0), plus 1 (+1), or plus 2 (+2) may be added to the final round 1 and round 2 score. Round 3 will be scored but not announced.

Procedures: All horses must remain in the designated area under the supervision of the Schooling Judge and the paddock master. Riders will be responsible for the management, warm up, and schooling of their own horse with the assistance of one (1) groom. Trainers will NOT be allowed to enter the designated area or competition ring throughout the exhibition. Competitors will be immediately ELIMINATED for the use of a cell phone or any contact between trainer and rider. The course and schooling will be the sole responsibility of the rider. Class will be conducted under USEF Jumper Schooling Rules EQ108.15 (see JP Appendix A).

Order of go: Order of go will be established based on the qualified riders ranking according to the Christy Conard Perpetual Standings as of the end of the day March 25, 2021. The order of go will be in reverse order.

Tack and Attire: As per EQ 105.5a. Conventional hunter tack

ROUND 1: To be scored over fences. This course may include gymnastics, trot fences, oxers,verticles, and combinations. There will be no Liverpools, water jumps, or a time allowed. Fences will be maximum of 3’6” in height and width. Open numerical scores will be given by each panel of judges. The scores will be added for a round 1 score and then the schooling judge score will be awarded to make the final round 1 score.

ROUND 2: The top 15 riders from round 1 will return for round 2 in reverse order from Round 1. In the event of a tie for the 15th rider, they will both qualify for round 2. This course will be a minimum of 8 jumps with a maximum height and width of 3’6” with one simple change of lead being incorporated in the course. The scores will be added for a round 2 score and then the schooling judge score will be awarded to make the final round 2 score. The total scores from both rounds will be added together to determine the top four (4) riders for Round 3.

ROUND 3: The top four (4) riders after rounds 1 and 2 will return the same night. In the event of a tie for the 4th rider, the highest score from round 2 will be the tie breaker. All four riders will enter the International Arena on their mounts for additional testing. This round may include USEF EQ 112 TESTS 1-19 as found in the USEF rulebook. Round 3 will be scored but not announced.

950 \$15,000 USHJA INTERNATIONAL HUNTER DERBY HUNT & GO FORMAT

CLASS PRICE: \$500, Plus a \$50 USHJA Mandatory Fee = \$550

STANDARD HUNT AND GO FORMAT

- a.

The Classic Hunter Round, consisting of 7-8 fences with 2 high options, shall be judged on quality, movement, jumping style, manners and way of going.
- b.

After the completion of the classic round horses will pick up their pace and pass through a set of markers to begin their handy portion of the class. The Handy Hunter Round, consisting of 5-8 fences with 2 high options, shall be judged on quality, movement, jumping style, manners and way of going. Pace, brilliance, and a shorter track are to be rewarded. A horse/rider may not jump decorations or other obstacles in order to create a shorter track.
- c.

Two scores will be given by each judging panel, with one score for the Classic Round and one score for the Handy Round. Bonus points of one point per high option jump will be added to each judging panel's score. The scores from each panel will be added together to determine the total score and placement. Prior to the start of the class one judging panel must be designated as the tie breaker.
- d.

A judging assistant must be present during all phases of the competition. The duties of the judging assistant include notifying the Judges if a rail comes down and when a horse jumps the higher height option fences. The judging assistant is not required to be a licensed official and is not responsible for the scoring of the judging panels. A competition staff member may fill this role.
- e.

The Option Bonus Score of one additional point for each higher height option fence jumped must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the horse-and-rider combination does jump the higher height option fence.

f. It is recommended for all formats (including Hunt and Go) that Panel 1 breaks the ties for the Classic round/phase, Panel 2 breaks the tie for the Handy round/phase and Panel 1 breaks ties in the overall.

STABLING/SCHOOLING

- a.

All horses competing in the Derby class must be on the competition grounds a minimum of 24 hours prior to the start of the first round of the class.
- b.

All horses will be monitored and must remain on the competition grounds until the horse is finished competing in the Derby class. Any horse that leaves the premises prior to completing its participation in the Derby class is disqualified.
- c.

All horses must be ridden in official horse show schooling areas unless competition management designates a specific schooling area for derby horses. Riders must wear the horses' competition number while mounted.

All riders in the top 12 overall (or their designated representative if they are not available) must ride for ribbons in order to receive prize money, for all Member Event Series classes, USHJA will provide ribbons for the first round, second round and the overall standings. Competition management may offer additional awards (e.g., highest placing junior owner, highest placing amateur, highest placing thoroughbred, highest placing rider competing on only one entry in the class).

Prize Money: \$4,500, \$3,300, \$1,950, \$1,200,\$900, \$750, \$600, \$450, \$450, \$300, \$300, \$300

907

Points will be: Round 1 and Round 2 @ 50, 40, 35, 25, 20, 20, 15, 10, 7, 5, 3, 2. Overall points will be 200, 160, 140, 120, 100, 80, 60, 40, 28, 20, 12, 8.

GREEN PONY HUNTER

A green pony is a pony of any age not exceeding 14.2 hands that has not been shown over fences the regulation height or higher for its respective section (2'3" for small, 2'6" for medium and 2'9" for large) prior to December 1st of the current competition year at a Regular Competition of USEF or Equine Canada or any national or international competition. Showing in Canada over fences at or higher than the regulation height for the pony's section under Equine Canada rules breaks the pony's green status for the purpose of this Article and Federation rules whether or not the regulation height for the pony's section under Equine Canada rules is less than, equal to, or greater than the regulation height for the pony's section under Federation rules. Ponies who have not broken their Green Status must jump less than their regulation height in open classes or their Green Status will be broken. Once a pony has broken its green status in one Hunter Pony section (i.e., small, medium, large) it will not regain its green status by moving into another Hunter Pony section. If a competition starts prior to or on November 30, Green Pony status at the start of the competition is maintained throughout the competition. A pony's green status is considered to be broken once it competes over fences the regulation height or higher for its respective section (see above). The pony's green status may be reinstated for a future competition year if it was not shown at more than four (4) competitions prior to September 1st. (HU138.7)In classes over fences, ponies not exceeding 12.2 hands to jump 2'3", ponies over 12.2 hands but not exceeding 13.2 hand to jump 2'6", and ponies over 13.2 hands but not exceeding 14.2 hand to jump 2'9". GR1303 Safe Sport Requirements

Consistent with the mission statement of the Federation, the welfare of equestrian participants, especially minors, is of paramount concern. When any member — athlete, participant, trainer, coach, organizer, official, volunteer, or staff member — is subjected to or engages in abuse or misconduct, it undermines the mission of the Federation and is inconsistent with the best interests of equestrian sport and of the athletes the Federation serves. The Safe Sport Policy and U.S. Center for Safe Sport's Code have been created to protect all athletes from misconduct they may experience within sport. The education and training of all participants in equestrian sport is crucial to the protection of athletes, reporting of misconduct, and eradication of abuse in our sport. The U.S. Center for SafeSport (Center) is the first and only national organization of its kind focused on ending all forms of abuse in sport. As an independent non-profit headquartered in Denver, CO, the Center provides consultation to sport entities on prevention techniques and policies, while developing best practices and educational programs focused on promoting athlete wellbeing and putting an end to abuse in sports. The Center also provides a safe, professional, and confidential place for individuals to report sexual abuse.

The Federation Safe Sport Policy defines a "Federation Participant" as any Federation member, or non-member, who participates in or attends a Federation Licensed Competition or sanctioned event. The Federation's Safe Sport Policy can be found at www.usef.org and the U.S. Center for SafeSport Code can be found at www.safesport.org

Riders who choose to wear air vests are therefore strongly encouraged to have spare equipment (air canisters, tethers, and entire vest) so that the vests that have been inflated can quickly be returned to their operation. Please look for canister recycling containers located at participating air vest vendors.

37. ESP COVID-19 PROTOCOLS

Everyone who enter the showgrounds agrees to follow all ESP covid-19 protocols and rules. **There will be no exceptions.**

VETERINARY EXAMINATIONS, INSPECTIONS & PASSPORT CONTROLS

Veterinary Regulations, 10th Edition, effective 1 June 2006

A horse inspection will be scheduled for each week in which FEI competitions are held. Rider's will be notified and notice will be posted in the competition office 24 hours before.

These will be carried out in accordance with the "Veterinary Regulations", Art. 1011 & the discipline rules.

"General Regulations", 22nd Edition, effective 1 June 2007 will apply:

Art. 139.1

Every horse entered for any competition at CNs or CIMs (see Appendix D) in a foreign country (see GRs 141.2), and all horses entered for other CIs, CIOs, Championships, Regional and Olympic Games, whether at home or in foreign countries (see GRs 141.2), must have an official, valid FEI Passport, or a National Passport approved by the FEI and accompanied by an FEI Recognition Card and, when applicable, an FEI registration number, as a means of identification and to establish ownership.

Art. 139.2

Horses taking part in CNs and CIMs (see Appendix D) in their country of residence are not required to have such a passport as is mentioned in paragraph 1. All such horses must be properly registered and identifiable and, unless there is no national requirement for equine influenza vaccination in the host country and in the country of origin all horses must have a valid vaccination certificate.

EQUINE INFLUENZA VACCINATION,

Vet. Regs. Annex VII (except events taking place in NZL & AUS)

All horses and ponies for which an FEI Passport, or a National Passport approved by the FEI has been issued, must have the vaccination section endorsed by a veterinarian, stating that it has received two injections for primary vaccination against equine influenza, given between 1 and 3 months apart. In addition, a booster injection must be recorded as having been given within each succeeding 6 months, subsequent to the second injection of the primary vaccination. None of these injections must have been given within the preceding 7 days including the day of the competition or of entry into the competition stables.

The above are the minimum requirements for influenza vaccination. Both primary and first and subsequent booster injections should be given according to the manufacturer's instructions which will fall within the stipulation of the FEI ruling.

SAMPLING FOR PROHIBITED SUBSTANCES

(Vet. Regs. Chapter V & VI and Annex IV)

Regular sampling is carried out in CC13*/4*, CSIs (3*, 4*, 5*), CIOs, World Cup Qualifiers and Finals, Championships and Games, whereas

at other CIs sampling is recommended. When testing takes place, the number of horses tested is at the discretion of the Testing Veterinarian/Veterinary Delegate; however, a minimum of three is recommended (Vet. Regs. Art. 1016).

HEALTH REQUIREMENTS FOR THE ENTRY OF HORSES/PONIES

A. FL regulations require that all equines be covered by official interstate health certificates, issued by a licensed veterinarian, showing that the animals are free from any symptoms of any infectious or communicable disease. The certificate shall include the name of the owner and address, destination in FL, number of horses examined, the name, registration number(s), if any, tattoo, if any, sex, age, rectal temperature, color, and markings of each animal listed. Health certificates will become void after 30 days from issue. Heath certificates must show animals to be negative to an equine infectious anemia test within the past 12 months. Date of test and approved laboratory must be shown on health certificate. Equine Rhinopneumonitis vaccination is not required; however, if any animal is vaccinated, it is ineligible for entry within 21 days of vaccination. Vehicles transporting animals must have certificates showing that it was cleaned and disinfected under veterinary supervision prior to loading. This information can be written on the health certificate.

****All Updated 12.15.20 USEF COVID-19 Action Plan Updates are listed in this color text.**

Mandatory Requirements for Competition Organizers

All ESP Comments / Applied Methods/ and Actions in Red Text

C. Definitions

CDC – Centers for Disease Control. All activity that occurs at a USEF-licensed competition must be conducted in accordance with CDC guidance protocols.

Competition Area/Schooling Area - For purposes of this document, any reference to competition area and/or schooling area includes rings, arenas, fields, cross-country fields, and any other areas designated for competition, schooling or exercise purposes.

Competition Organizer – For purposes of this document, Competition Organizer includes any individual or entity that acts as competition manager, licensee, and includes any designee(s) with management authority over the competition and its operations.

Competition Staff – For purposes of this document, competition staff includes any individual who is employed or contracted by competition management. Competition staff includes, but is not limited to, ring crews, jump crews, stable crews, competition office staff, medical personnel, awards crew, in-gate personnel, paddock managers, announcers, licensed officials, scribes, etc.

Officials – Any reference to officials or licensed officials includes all types of competition officials (see GR113). For the purposes of this document, any individuals participating in an approved educational activity for a USEF or Recognized Affiliate licensing program (e.g. apprentices, training program participants, dressage applicants observing or sitting, clinicians, instructors, etc.) are also considered officials and must comply with all applicable requirements within the Action Plan.

Close Contact – For purposes of this document, close contact as defined by the CDC is someone who was within six (6) feet of an infected person for at least **a cumulative total of 15 minutes or more over a 24-hour period* beginning** two (2) days before illness onset (or, for asymptomatic patients, two (2) days prior to specimen collection) until the time the patient is isolated. It is important to note that close contact has occurred regardless of whether one or both individuals are wearing a mask. (Refer to CDC FAQ). ***Individual exposures added together over a 24-hour period (e.g., three 5-minute exposures for a total of 15 minutes).**

Anyone who has been in contact with an individual who is confirmed or suspected to be COVID- 19-positive should quarantine in accordance with CDC Guidelines.

COVID-19 Incident or Outbreak – For purposes of this document, an incident is defined as a report of any COVID-19 related event or occurrence including, but not limited to, an individual who is exhibiting symptoms of COVID-19. An outbreak is defined as multiple COVID-19 related incidents or occurrences.

Exposure – For purposes of this document, exposure is considered **close contact with a COVID-19- infected individual (exhibiting symptoms or confirmed by a positive test result) within a distance of six feet for a cumulative total of 15 minutes or more and results in the need to quarantine. While the ideal quarantine time is still considered to be 14 days, it is recognized that a shorter quarantine period may balance significant societal burdens against the progressive smaller possibility of spreading the virus over time after exposure accordingly. An individual may discontinue quarantine:**

- **After Day 10 following close contact (exposure) without testing if no COVID-19 symptoms are present, or;**
- **After Day 7 if no COVID-19 symptoms are present and after receiving a negative COVID-19 test result (testing must occur on Day 5 or later after exposure)**

After discontinuing quarantine, all individuals should:

- **Monitor for symptoms for 14 days after exposure**
- **Immediately self-isolate if symptoms develop and contact a personal healthcare provider or public health authority**
- **Wear a face mask/face covering, maintain social distancing of at least six feet from others, and wash hands frequently**

Face Masks – For purposes of this document, any reference to face masks includes cloth face coverings, N-95, KN-95 and surgical masks. Competition Organizers must provide face masks or face coverings to competition staff, volunteers and officials. **Face masks and face coverings must fully cover the nose and the mouth while being worn.**

***The CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain. Cloth face coverings should fit snugly but comfortably against the side of the face, be secured with ties or ear loops, include multiple layers of fabric, allow for breathing without restriction and be able to be laundered and machine dried without damage or change to shape.

Isolation – Separation of a person or group of people known or reasonably believed to be infected with a communicable disease and potentially infectious, from those who are not infected to prevent the spread of the communicable disease.

Participants – For purposes of this document, any reference to Participants includes owners, lessees, riders, athletes, parents, vaulters, drivers, trainers, coaches, grooms, longeurs, navigators, personal care assistants (PCAs), and any other required support personnel/staff that are essential for providing care to the horses and/or the athletes

PPE – Personal Protection Equipment.

Quarantine – Separation of a person or group of people, known or reasonably believed to have been exposed to a communicable disease but are not yet symptomatic, from others who have not yet been exposed, to prevent the possible spread of the communicable disease. **Please refer to Exposure definition above for quarantine guidance. .**

Social Distancing – Also called “physical distancing,” means keeping a minimum of 6 feet (about 2 arms’ length) space between yourself and other people outside your immediate household, as well as avoiding congregate settings or a concentration of individuals in a single area. **(For consistent compliance ESP does not allow exceptions to social distancing requirements INCLUDING family members and/or people of your immediate household.)**

Immediate Household – Individuals consistently living in the same house or dwelling. Members of a household may or may not be related. For purposes of this document, immediate household may also be referred to as same household or own household. **(For consistent compliance ESP does not allow exceptions to social distancing requirements INCLUDING family members and/or people of your immediate household.)**

Public/Spectators – For purposes of this document, spectators refers to the general public, fans, or any individuals who are not directly involved in the competition by way of being a participant, a member of competition staff, a service provider (e.g. media or photographer), volunteer, or other support personnel (farrier, veterinarian, etc.). **There is to be a maximum of 5 people per horse: the rider, trainer, groom and *two additional persons*. If you are not one of five people allowed for a horse on the grounds, you will be considered to be spectating.**

Service Providers – For purposes of this document, service providers are those individuals or entities who provide direct services contracted by competition management. Service providers include but are not limited to vendors, caterers, feed suppliers, photographers, videographers, media, **venue/facility staff**, cleaning service providers (including portable restroom service), and waste disposal personnel.

Support Personnel – For purposes of this document, support personnel are those individuals employed or contracted by participants who are essential **to providing care or services** to horses and/or participants. Support personnel includes, but is not limited to, veterinarians, farriers, equine therapists, **grooms**, and braiders, etc.

Symptoms – Symptoms of COVID-19 include, but are not limited to, subjective or measured fever, cough, and shortness of breath and/or difficulty breathing. Additional symptoms may include sore throat, muscle pain, headache, chills/shaking, or newly developed loss of taste or smell.

Temperature Monitoring – The daily (or alternatively defined period) non-contact body temperature testing utilizing technology that scans forehead temperature (temporal or infrared thermometer) to measure an individual’s body temperature to verify no fever is present. For purposes of this document, a fever is defined as an elevated body temperature of **100.4°F (38° C)** or higher. *This definition of fever utilizes a temperature threshold slightly lower than in CDC guidelines, but this more stringent temperature threshold prevails as the requirement.*

WHO – World Health Organization. All activity that occurs at a USEF-licensed competition must be conducted in accordance with WHO recommendations.

COVID-19 Action Plan for Competitions – Revised 12/15/20

D. General

USEF-Licensed competitions must operate in accordance with the USEF COVID-19 Action Plan for USEF-Licensed Competitions (Plan). This plan is based on federal, state and local regulations, **WHO recommendations, CDC guidelines** and USEF requirements. There will be times when regulations, recommendations, guidelines and requirements may differ. In these instances, the more restrictive regulations, recommendations, guidelines and requirements will prevail and supersede all others, e.g. face masks/coverings may not be required by a state or local government but is required at a USEF licensed competition nonetheless due to CDC guidance.

If an individual needs an accommodation under the American Disabilities Act, please submit the request, along with documentation of the disability and need for accommodation, to legalrequests@usef.org. It should be noted that we are experiencing a high volume of legal inquiries at this time, and we will respond as soon as possible. Requests for accommodations will be reviewed on a confidential basis with a medical consultant.

Additionally, competition organizers must implement the USEF requirements listed on the following pages, and are very strongly encouraged to implement all recommended best practices contained herein or similar practices for mitigating risks related to the COVID-19 virus.

These requirements are in effect immediately and until further notice, however, they are subject to revisions as the COVID-19 virus environment changes.

ESP has been instrumental in helping develop these protocols with USEF since the March shutdown. We have very

diligently studied and applied actions for all requirements based on our operations and facilities. We have also enhanced and added additional protocols that we feel are best for the general welfare of our exhibitors. We have been in close contact with local authorities – and any competition held at our facility will be with their knowledge and support.

USEF Competition Organizers must complete the WHO Mass Gathering for Sports Risk Assessment Tool and work with state and local governments and public health authorities prior to the start of the competition to help determine risks and mitigation measures. Competition Organizers are encouraged to consult their insurers and legal counsel as well. ESP completed the WHO Mass Gathering for Sport Risk Assessment Tool in April. We are considered low risk with an impressive mitigation score of 86%

If competition organizers have any questions, please contact Katlynn Sacco by email at ksacco@usef.org or by phone at (859) 225-6981.

E. Agreements

For currently licensed competitions:

- Execute the Addendum to the USEF Licensing Agreement (provided by USEF) by the required deadline prior to the start of the competition.
- Ensure that all participants, including licensed officials and volunteers, provide emergency contact information and execute an updated Waiver and Release of Liability, Assumption of Risk and Indemnity Agreement required by USEF, as a condition of participation. Please ensure use of the updated form for competitions starting on May 6, 2020, or after. This form will be made available with the entry blanks. Please note that all riders, parents and/or guardians, owners, coaches, and trainers must sign this form before any back numbers are assigned. Absolutely no entries will be accepted or processed before a back number is assigned with this process. No exceptions!
- **Prior to the start of a competition**, create an Emergency Response Plan specific to a COVID-19 incident or outbreak that includes local medical resources and addresses outbreak protocols including medical evaluation, isolation and quarantine, and reporting. ESP has modified its emergency response plan for all accidents to include COVID-19 protocols. If there are any instances of an outbreak, our local contracted PBCFR authorities will handle this situation in the quarantine tent located by the onsite Fire Rescue unit.
- If a COVID-19 incident or outbreak occurs, USEF, all competition staff, service providers, participants, and support personnel must be notified. Email addresses will be required from all participants and competition staff and notification will be distributed immediately upon such an occurrence.
- Provide training for competition staff, volunteers and licensed officials regarding all procedures and requirements associated with the Plan. All staff have been distributed copies of the ESP Accident plan.
- Ensure vendors and service providers are included in the communication and training requirements associated with the Plan. Vendors will be limited but any that are allowed to be on the grounds will be included in those notified.
- Disseminate a copy of the Plan to all applicable competition personnel- Covered above.
- A minimum of 14 days prior to the start of the competition, inform (e.g., via prize list/omnibus, website, social media, email, etc.) all participants, officials and competition personnel of protocols and safeguards implemented for their protection against spreading COVID-19 by providing them with a list of such measures. With constant changes needing to be made to the USEF COVID-19 Action Plan for USEF Licensed Competitions, this document will be updated as needed on the PBIEC.coth.com, under the Competitors tab.

F. Access

- Beginning in January 2021, all persons entering the show grounds must have an ESP issued credential.
- General access to the PBIEC show grounds is limited to a maximum of 5 people **per horse**: the rider, trainer, groom and ***two additional persons***.
- Require **and provide for onsite** temperature monitoring for volunteers, officials, competition staff and service providers once daily prior to entering the competition grounds. Anyone with a temperature of **100.4° F (38° C)** or higher may not enter the facility. As implemented in May, we will continue to check **everyone's** temperature before they are allowed access to the grounds. Everyone will either be checked by the thermal camera system or at entry point gates **A-N** with a touchless thermometer before they are allowed access through the gate. Anyone with a temperature below **100.4° F (38° C)** may enter the facility. We ask that everyone check their own temperature at home before coming to work to avoid any incident of possible exposure before this mandatory check at the entry gate.
- **The following individuals are not allowed to enter the competition grounds:**
 - Anyone who:
 - **Anyone who exhibits COVID-19 symptoms,**
 - **Anyone who** has tested positive for COVID-19 within **10 days,**
 - **Anyone who has tested positive outside of the past 10 days, but is still symptomatic,**
 - or

- ***Anyone who** has been **exposed to or has been in close contact** with someone who has **COVID-19 symptoms or has** tested positive for COVID-19 within **either** the last **7 or 10 days. (dependent upon certain criteria - refer to CDC Quarantine Options).**

*Exception: Healthcare personnel who have treated patients using appropriate medical-grade PPE during the course of performing professional duties are exempted from this restriction.

Refer to Appendix A for Self-Isolation/Self-Quarantine Directives in the event a person has a fever or exhibits other symptoms of COVID-19.

**Please reference Participant requirements regarding temperature monitoring on page 10 for Participant responsibilities.

*****If a situation arises regarding access that is not addressed in this Action Plan, please contact USEF. Direct inquiries to ksacco@usef.org or dsaliling@usef.org.**

- Competition Organizers must notify USEF and local public health authorities if any individual who was present on the competition grounds tests positive for COVID-19 within 14 days of the conclusion of the competition. **Direct USEF reports to ksacco@usef.org.** ESP will notify all required parties once ESP management has been made aware of a positive.
- Competition Organizers will direct the reporting individual to contact the local public health authorities (and provide the contact information) for the purposes of having the local public health authorities perform contact tracing.
 - **Competition Organizers are to remind all competition staff, service providers, participants, and support personnel of their responsibility to report if they test positive for COVID-19 within 14 days of the conclusion of competition (refer to Section L).**
- Require a face mask or face covering for all staff, officials, volunteers, service providers and participants at all times while on competition grounds when not mounted on a horse, or seated **riding** in a horse-drawn carriage or cart, or during in-hand classes as outlined by the procedures* below. Competition Organizers must provide face masks or face coverings to competition staff, volunteers and officials. You can find recommendations for proper use of face masks and face coverings via the **Centers for Disease Control & Prevention website**.
- **To eat or drink, an individual must move far enough away from others to minimize the possibility of being within six feet of any other individual before the lowering the mask or face covering to eat or drink. The mask must be immediately replaced over the nose and mouth when finished.**
- If an individual requires modification to this face mask/face covering requirement, please submit written request, accompanied by documentation substantiating the need for modification, to sgilbert@usef.org. It should be noted that we are experiencing a high volume of legal inquiries at this time, and we will respond as quickly as possible. Requests for modifications will be reviewed on a confidential basis with a medical consultant.
- ***In-Hand Class Procedures – face masks or face coverings that fully cover your nose and mouth are required at all times at USEF-licensed competitions, including while exhibiting horses and ponies in-hand. However, if absolutely necessary, you may lower your mask while jogging or running with a horse or pony in-hand, or while executing a pattern, but only if you are able to maintain social distancing of at least six feet while doing so. The mask must be replaced immediately once the jog, or run, or pattern, is completed.**

**A participant cannot be disqualified or penalized for wearing a face mask or face covering while competing. As enforced by ESP since May, these requirements will continue to be enforced by all ESP personnel. We take these basic requirements very seriously to help prevent the spread so please be prepared to wear masks and maintain social distancing at all times while on the grounds or please don't show with us.

**** A participant cannot be disqualified or penalized for wearing a face mask or face covering while competing. All judges will be notified.** No penalties will also apply to goiter style masks that are draped around the neck. All ESP judges have been notified in writing prior to arrival at the show.

G. Signage

- **Post signage that displays all applicable federal, state and local regulations, requirements and orders as well as WHO recommendations and CDC guidelines as they relate to mass gatherings and sporting events in effect at the competition.** Posted at all entrances as well as appropriate signage throughout the property.
- Post signage throughout the competition grounds that lists the requirements for social distancing and the use of face masks/face coverings. Posted at all entrances as well as appropriate signage throughout the property.
 - **USEF provided posters: Face Masks & Social Distancing**
- Post signage at all entrances to the competition grounds which identifies the symptoms of COVID-19 and states the following:
 - To protect others from possible transmission of the virus, anyone who exhibits **COVID-19 symptoms has been exposed to or has been in close contact** with someone who has **COVID-19 symptoms, or anyone who has** tested positive for COVID-19 within **either** the last **7 or 10 days (dependent upon certain criteria - refer to CDC Quarantine Options)** **cannot enter the competition grounds.** Exception: healthcare personnel who have treated patients using appropriate medical-grade PPE during the course of performing professional duties), cannot enter the competition

grounds. These individuals are encouraged to contact their health care provider immediately for further medical advice and must obtain documented clearance from their health care provider before entering the competition grounds. Participants must assume responsibility for themselves and their own staff (e.g. grooms, assistants, etc.).
Posted at all entrances

- Sample poster: *Symptoms of Coronavirus Disease* Posted in multiple locations throughout the property
- Post signage throughout the competition grounds (i.e. competition office, competition and schooling areas, barns, etc.) which includes recommendations about good hygiene along with informing participants and others about ways to reduce the risk of COVID-19 transmission. Posted in multiple locations throughout the property
- Sample Poster: *CDC – Stop the Spread of Germs* Posted in multiple locations throughout the property

H. Social Distancing & Limiting Entries and/or Stabling

Enforce social distancing requirements throughout the competition grounds at all times. All ESP Staff will be wearing fluorescent vests displaying the constant reminder of social distancing. All ESP staff members will have the authority to warn and remind anyone on ESP facility property of the necessity of social distancing. We also realize that many of you have quarantined together. **We ask that EVERYONE abide by social distancing protocols while outside of your cars on the grounds. This includes members of their immediate household. With the exception of parents with toddlers, we are asking everyone on the grounds to remain six feet apart so that the social distancing requirements remain uniform and builds on healthy distancing habits. This is very important for the effective enforcement and safety of everyone on the grounds.**

All individuals must practice social distancing (or physical distancing) at all times while on the competition grounds by staying at least 6 feet (about 2 arms' length) from any person. Everyone is required to wear a mask or face covering **at all times while on competition grounds**, including members of their own household. **Everyone should have a mask on at all times. Everyone should observe social distancing.**

*Exceptions

- Social distancing is not required when competing in driving classes where more than one participant is seated **riding** in the horse-drawn carriage or cart.
- Individuals are allowed to be seated together while being transported by golf cart (or similar four-wheeled transport vehicle), but capacity may not exceed the number of seats on the cart or vehicle and **all individuals must wear face masks or face coverings.**
- **Congregating on or around a parked or stationary golf cart or vehicle is prohibited.**
- **ESP will not allow congregating by anyone.**
- Competition Organizers are encouraged to implement a system that visually (e.g., numbered or colored IDs or some other form of credential) identifies members of the same household.

Beginning in January 2021, all persons entering the show grounds must have an ESP issued credential. Effective August 24, 2020, ESP elected to stop issuing arm bands to family members. With the exception of a parent allowed with a toddler, we are asking everyone on the grounds to remain six feet apart so that the social distancing requirements remain uniform and builds on healthy distancing habits. This is very important for the effective enforcement and safety of everyone on the grounds. Please remember there is to be a maximum of 5 people per horse: the rider, trainer, groom and *two additional persons*.

- Prohibit the public, spectators, and non-essential personnel such as guests from being on the competition grounds until further notice. **Beginning in January 2021, all persons entering the show grounds must have an ESP issued credential.** Posted and regulated by all ESP Staff.
- Competition Organizers must determine whether a sponsor can be present on competition grounds by assessing whether the sponsor meets the criteria of being essential to providing care to the horses or athletes, or provides direct services contracted by the Competition Organizer. If sponsors are present, they must comply with face mask/face covering, social distancing, and all other requirements. **ESP Sponsorship personnel have been in communication with sponsors. Sponsors (while observing all COVID-19 protocols) will be allowed on the property (if they so choose) for the purposes of presentations.**
- Organize horse arrivals and departures to limit contact between people. Stall assignments will be issued by aisle. In any instance where an aisle must be shared, security will regulate unloading so groups can stay apart during this process. All trailer in parking **(while allowed)** will be directed by security to give sufficient area for social distancing requirements.
- Arrange judges' and other officials' areas to comply with social distancing requirements. In the event that it is absolutely impossible to maintain social distancing of six (6) feet or more, the erection of a solid, **non-porous, securely attached** divider must be placed in the location where social distancing cannot be maintained (i.e., between, in front of and/or behind seating areas). The divider provides a physical separation and barrier between individuals and therefore must be of sufficient size to effectively and significantly reduce the risk of respiratory particulates being spread, must be used. **The inclusion of such dividers does not eliminate the requirement to wear face masks or face coverings. For additional specifics regarding dividers, please reference the Competition Organizer COVID- 19 Action Plan FAQs.**
All judging areas on the ESP Competition grounds have been modified to meet or exceed these requirements.

- Restrict competition office access to essential personnel only, configure the space and limit the number of office staff to comply with social distancing, and limit the number of participants who can enter the competition office at one time (e.g., schedule check-in/check-out times) **Signs have been placed on the outside of the office for rules and guidelines. There is now a separate entrance and exit. We have added five new walk-up windows so that it is optional to enter the office. As always, ESP exhibitors can manage all of their entries online through our ShowGroundsLive.com. All staff radios, computers, clip boards, judges cards, etc., will be delivered to their location before the show and picked up after completion. Exhibitors may also arrange for office appointments in advance by emailing Jennifer Glosson at jglosson@equestriansport.com or Hali Miller at casey255@gmail.com**

- Competition Organizers must notify USEF if entries are to be limited. **ESP reserves the right to limit total numbers of rounds allowed per ring on the competition schedule.** This may be changed as proficiency for scheduled times improves or declines. Management reserves the right to move (or cancel) classes or divisions to other rings to best accommodate those on the waiting list. At all times, no entries will be processed before: back numbers are assigned (10,000 or 20,000 numbers assigned by online **is not a back number**), a method of payment on file and all proper waivers are completed. After back numbers are assigned the entry process will open on a first come, first serve basis.

- The FEI will determine whether entries may be limited in FEI classes. Any possible FEI restrictions (if implemented) will be noted in the draft schedules and approved by the FEI.

- Competition Organizers may limit entries to the competition and/or to specific sections/classes within the competition to manage the concentration of horses and people. **ESP reserves the right to limit total numbers or rounds allowed per ring as explained above.**

- Regardless of the scope of the limitation, the limiting of entries must be done on a first come, first served basis and relevant information must be posted on the competition website or in the prize list, as well as at the competition office and at each competition area (i.e. ring, arena, field, cross country course). **First come first serve will be automated as described above through the SGL software.**

- Competition management must also communicate the system used for notifying and “wait-listing” individuals who submit entries after the available spaces are filled, and the method must be equally applied to all potential participants. **First come first serve will be automated as described above through the SGL software. Those placed on the “add waiting list” will be informed by the show secretaries if management determines that the adds can be accepted.**

- Configure stabling to comply with social distancing requirements in order to manage concentration of horses and people. **Described below.**

- Competition Organizers must notify USEF if stabling is to be limited. **Stabling will be limited as described below.**

- Regardless of the scope of the limitation, the limiting of stabling **MUST** be done on a first come, first served basis and relevant information must be posted on the competition website or in the prize list. **Stabling will only be offered to those who correctly fill out entries as described in the entry process.** Once exhibitors are assigned numbers, the availability of stalls will be opened. Our tent aisles have been modified to a minimum 9 feet wide in order to allow for people to pass each other on opposite sides with social distancing room to spare. Please remember that all barn areas should be restricted to grooms, trainers, vets and other essential personnel. Signage in English and Spanish are placed in the barn areas.

- Competition Organizer must also communicate the system used for notifying and “wait-listing” individuals who submit stabling requests after the available spaces are filled, and the method must be equally applied to all potential participants. **Stabling will be assigned on a first come first serve basis. Anyone on a waiting list will be notified where they are on that list.**

- Competition Organizers must publish their policy regarding entry and stall refunds within the prize list and/or on the competition website.

I. Enforcement Authority

USEF Stewards and Technical Delegates will inform individuals when they are not in compliance with the regulations and requirements in effect at the competition and shall report such situations to the Competition Organizer. The Competition Organizer has the authority under GR 702.1 and GR914 to remove from the facility any person who does not comply with the regulations and requirements in effect at the competition. Stewards/Technical Delegates must report the removal of any person from competition grounds for non-compliance with regulations and requirements in effect at the competition in their USEF Steward/Technical Delegate Report. **ESP had great success with the majority of exhibitors being very cooperative with all COVID-19 protocols. We have however had to remove some individuals that were non-compliant with established ESP COVID-19 protocols. ESP will continue to evict and revoke credentials to any occupant who refuses to comply with any of the posted COVID-19 protocols that have been established to keep everyone safe.**

Competition Organizers are responsible for enforcing all social distancing and face mask/face covering requirements. **ESP Management will continue to enforce all of these requirements.**

Stewards/TDs are required to report compliance on the part of Competition Organizers with respect to the mandatory requirements listed above. **Any such occurrence will be reported.**

Did the Competition Organizer confirm completion of the **WHO Mass Gathering for Sports Risk Assessment Tool?** **Yes, we did.** We are considered low risk with an impressive mitigation score of 86%

Did Competition Organizer adhere to the requirements listed above in Sections D-H to the best of its abilities, including posting the required signage?

Mandatory Requirements for Participants

J. General

USEF-Licensed competitions must operate in accordance with the USEF COVID-19 Action Plan for USEF-Licensed Competitions (Plan). This plan is based on federal, state and local regulations, WHO recommendations, CDC guidelines and USEF requirements. There will be times when regulations, recommendations, guidelines and requirements may differ. In these instances, the more restrictive regulations, recommendations, guidelines and requirements will prevail and supersede all others, e.g. face masks/coverings may not be required by a state or local government but is required at a USEF licensed competition nonetheless due to CDC guidance. Additional requirements and recommendations specifically applicable to Vaulting competitions can be found in Appendix C.

It is important to note that local public health authorities may impose more restrictive actions and protocols than those listed within this document. The USEF will continue to evaluate new information provided and will update this Action Plan accordingly.

Participants are required to comply with these and any additional Competition Organizer **or local health authority** requirements at all times while present on competition grounds. Failure to do so may result in expulsion from the grounds.

These requirements are in effect immediately and until further notice, however, they are subject to revisions as the COVID-19 virus environment changes.

If participants have any questions, please contact Debbie Saliling by email at dsaliling@usef.org or by phone at (859) 225-6930

K. Waiver/Release & Indemnity Agreement

Provide emergency contact information and execute an updated [Waiver and Release of Liability, Assumption of Risk and Indemnity Agreement](#) required by USEF, as a condition of participation. If a state-specific waiver is not available, please use the [general version](#) of the form. Please ensure use of the updated form provided by the competition organizer. **ESP is also asking for accurate cell phone numbers and email addresses to use in the case of notification requirements.**

L. Access

Participants and Support Personnel are required to self-monitor their temperature once daily prior to entering the competition grounds. Anyone with a temperature of **100.4° F (38° C)** or higher may not enter the facility. **As implemented in May, we will continue to check everyone's temperature before they are allowed access to the grounds. Everyone will either be checked by the thermal camera system or at entry point gates A-N with a touchless thermometer before they are allowed access through the gate. The following individuals are not allowed to enter the competition grounds:**

- **Anyone who** exhibits [COVID-19 symptoms](#),
 - **Anyone who** has tested positive for COVID-19 within **10 days**,
 - **Anyone who has tested positive outside of the past 10 days, but is still symptomatic**,
- or
- ***Anyone who has been exposed to or has been in close contact with someone who has COVID-19 symptoms or has tested positive for COVID-19 within either the last 7 or 10 days (dependent upon certain criteria - refer to CDC Quarantine Options).**

*Exception: Healthcare personnel who have treated patients using appropriate medical-grade PPE during the course of performing professional duties are exempted from this restriction.

Effective January 2021: Anyone who does not have a PBIEC issued pass.

- Refer to Appendix A for CDC guidelines for self-isolation/quarantine directives in the event a person has a fever or exhibits other symptoms of COVID-19. [Attached](#)

Participants and Support Personnel are required to wear a face mask or face covering at all times while on competition grounds when not mounted on a horse, or seated **riding** in a horse-drawn carriage or cart, or during in-hand classes as outlined by the procedures* below. You can find recommendations for proper use of face masks and face coverings via the [Centers for Disease Control & Prevention website](#).

To eat or drink, an individual must move far enough away from others to minimize the possibility of being within six feet of any other individual before the lowering the mask or face covering to eat or drink. The mask must be immediately replaced over the nose and mouth when finished.

If an individual requires modification to this face mask/face covering requirement, please submit written request, accompanied by documentation substantiating the need for modification, to sgilbert@usef.org. It should be noted that we are experiencing a high volume of legal inquiries at this time, and we will respond as quickly as possible. Requests for modifications will be reviewed on a confidential basis with a medical consultant.

As required since May, these requirements will continue to be enforced by all ESP personnel. All ESP Staff will be wearing fluorescent vests displaying the constant reminder of social distancing and all personnel will enforce face mask requirements as well. We take these basic requirements very seriously to help prevent the spread so please be prepared to wear masks and maintain social distancing at all times while on the grounds or please don't show with us.

*In-Hand Class Procedures - face masks or face coverings that fully cover your nose and mouth are required at all times at USEF-licensed competitions, including while exhibiting horses and ponies in-hand. However, if absolutely necessary, you may lower your mask while jogging or running with a horse or pony in-hand, or while executing a pattern, but only if you are able to maintain social distancing of at least six feet while doing so. The mask must be replaced immediately once the jog, or run, or pattern, is completed.

****A participant may choose to wear a face mask or face covering when mounted on a horse and cannot be disqualified or penalized for doing so while competing. Please remember that showing in Florida heat can be taxing on your body. Please make sure that you take this under consideration when making this decision. Please stay extra hydrated and wear devices (if you so choose) that do not contribute to Heat related illnesses such as Heat Exhaustion or Heat Stroke.**

- If any person who was present on the competition grounds tests positive for COVID-19 within 14 days of the conclusion of competition, USEF, and the Competition Organizer, **and local public health authorities** must be notified immediately. Direct USEF reports to ksacco@usef.org. **Competition Organizers will provide the reporting individual with contact information for the local public health authorities who will perform the contact tracing process.**

*****Questions regarding access to competition grounds and eligibility to participate in competition that may not be clearly identified under the points above or under [Point F on page 6](#) must be directed to ksacco@usef.org or dsaliling@usef.org, who will consult with USEF medical experts and provide a written decision from the USEF with regard to the participant's eligibility.**

M. Social Distancing/Participation Protocols

- All individuals must practice social distancing (or physical distancing) at all times while on the competition grounds by staying at least 6 feet (about 2 arms' length) from any person who is not a member of their **immediate household**. Members of the same household are still required to wear masks or face coverings **at all times while on competition grounds**.

* Exceptions

- Social distancing is not required while competing (including warm-up) in driving classes where more than one participant is seated **riding** in the horse-drawn carriage or cart. Individuals are allowed to be seated together while being transported by golf cart (or similar four-wheeled transport vehicle), but capacity may not exceed the number of seats on the cart or vehicle and all individuals must wear face masks or face coverings.

- **Congregating on or around a parked or stationary golf cart or vehicle is prohibited.**

As of August 24, 2020 ESP has elected to stop issuing arm bands to family members. With the exception of parents with toddlers, we are asking everyone on the grounds to remain six feet apart so that the social distancing requirements remain uniform and builds on healthy distancing habits. This is very important for the effective enforcement and safety of everyone on the grounds. Everyone should have a mask on at all times. All ESP Staff will be wearing fluorescent vests displaying the constant reminder of social distancing. All ESP staff members will have the authority to warn and remind anyone on ESP facility property of the necessity of social distancing. We also realize that many of you have quarantined together for months. We ask that **EVERYONE** abide by social distancing protocols while outside of your cars on the grounds. Please remember there is to be a maximum of 5 people per horse: the rider, trainer, groom **and *two additional persons***.

Wash hands often and adhere to other sanitization practices throughout the day. **We have secured as much hand sanitizer as possible. We have ample sanitizer dispensers placed around all entrances, ingates, bathrooms, show office as well as key areas around the grounds. If you find any dispensers on the grounds out of supply, please bring this to management's attention and it will be rectified immediately. We have also placed portable sinks at the rings supplied with high quality antibacterial soap.**

Recommended Best Practices for Competition Organizers

The following Recommended Best Practices have been provided to assist Competition Organizers with determining risks and developing measures to mitigate those risks. Please note these are not mandatory, however USEF strongly encourages their implementation.

N. General Considerations

- To the extent possible, limit the number of entrances and exits to the venue to manage crowding, social distancing and venue limitations. **We have installed security fencing at the facility to prevent anyone from getting in without going through any of the seventeen security gate check points. This was done to regulate all people accessing the property in addition to checking everyone's temperature.**
- *It is strongly recommended that competition organizers secure additional staff or volunteers dedicated to monitoring adherence to Action Plan requirements, and who can support USEF Stewards', Technical Delegates' and Competition Management's efforts to ensure compliance with safety protocols. **ESP has hired additional stewards, "COVID Cops" and personnel since May to help enforce all rules including but not limited to ESP COVID-19 Action Plan Rules.***
- Communication – Use radio, phone and online communication methods as much as possible and communicate important information frequently throughout the competition grounds. **Announcers and ingate personnel make constant announcements reminding everyone of social distancing and mask requirements. We have also implemented a mass text communication platform to inform everyone of changes in the schedules, ring delays or emergencies such as thunderstorms.**
- **It is strongly recommended that competition organizers conduct exhibitor meetings (virtually, telephonically, or in an environment where social distancing can be maintained) both prior to and during the competition to communicate requirements and address questions.**
- VIP and other social areas are strongly discouraged unless social distancing requirements are enforced in accordance with all applicable federal, state and local regulations, requirements and orders as well as WHO recommendations and CDC guidelines as they relate to mass gatherings and sporting events. **As per local and State of Florida regulations, the International Club and various other pre-paid viewing options will be operated as an outdoor restaurant during WEF 2021 with appropriate protocols and distancing.**

- It is strongly recommended that if people are going to travel together in the same vehicle to a competition, they should take their temperatures prior to getting into the vehicle to ensure no one travels to the competition with an elevated temperature.
This should include golf cart transportation.

O. Considerations for Facilities, Staff, Medical Personnel, Service Providers & Volunteers

Cleaning/Sanitizing Locations

- **Service providers and support personnel are recommended to comply with the following:**
 - Register with the competition organizer and indicate when they are going to be on the competition grounds;
 - Sign a **waiver provided by the organizer;**
 - Comply with any competition organizer requirements to change PPE (face mask/face coverings, etc.) when moving between stables; and
 - **Comply with all social distancing and face mask/face covering requirements, and sanitizing best practices while on competition grounds; and**
 - **Do not linger or socialize in stables or anywhere else on competition grounds while performing or after completing work.**
- Provide hand sanitization stations with access to soap and water or alcohol-based hand sanitizer at each competition area and schooling/warm up area. We have secured as much hand sanitizer as possible. We have ample sanitizer dispensers placed around all entrances, ingates, bathrooms, show office, as well as key areas around the grounds. If you find any dispensers on the grounds out of supply, please bring this to management's attention and it will be rectified immediately. We have also placed portable sinks at all rings supplied with high quality antibacterial soap.
- Provide hand sanitizer to all officials, ring crew, office staff and maintenance staff. ESP has provided this to staff since March and will continue to do so.
- Frequently sanitize surfaces touched by many: door handles, arena gates, wash racks and hoses, etc. Cleaning staff covering the bathrooms will make regular trips to the office to sanitize door handles. Hand sanitizer will be placed outside the office entry and exit doors. New water coolers have been installed at the ingates with disposable cups and "handless" levers that are pushed by cups or containers. We are encouraging all exhibitors and staff to purchase their own refillable containers to cut down on waste. Antibacterial soap dispensers have also been placed at the common wash rack area. Please encourage your grooms to wash their hands after using the common hoses.
- Ensure frequent cleaning and sanitizing of bathrooms, provide soap and water or alcohol based hand sanitizer in bathrooms. Each bathroom area on the show grounds will be assigned a staff cleaner to constantly wipe down all touched areas. Reminders will be placed outside and inside bathrooms to use the quality antibacterial soap that will be kept in plentiful supply.

For the continued safety of all our cleaning staff, we would respectfully remind anyone using the bathroom areas around our cleaning crew to give them the same social distancing area as anyone else on the grounds. Thank you in advance for your consideration.

- Prohibit the use of public water fountains. The public water fountains will be disabled until further notice. New water coolers have been installed at the ingates with disposable cups and "handless" levers that are pushed by cups or containers. We are encouraging all exhibitors and staff to purchase their own refillable containers to reduce waste.
- Strongly encourage all competitors to complete entry forms, in their entirety, including having all requisite memberships in place, prior to entering competition office. In May we introduced electronic entries to be made and signed remotely. Signs have been placed on the outside of the office for rules and guidelines. There is now a separate entrance and exit with direction arrows on the ground and social distancing place markers. We have added five new walk up windows so that it is optional to enter the office. As always, ESP exhibitors can manage all of their entries online through our ShowGroundsLive.com.
- Strongly encourage that all entries, adds, scratches, feed & bedding orders, billing/invoicing are done electronically. Our SGL software has always allowed for adds, scratches, viewing bills and making payments remotely. With access to these features, there is little reason that would require someone to visit the office. All feed and bedding are handled through Gold Coast Feed. Phone in orders are the primary means of ordering.
- Install clear plastic, glass or other type of protective shield/barrier in front of office staff. This has been built and installed.
- Provide hand sanitizer near the door. This is provided at entry door and inside exit door.
- Provide an 'in' door and an 'out' door, if possible. These have been provided with proper signage in English and Spanish and directional arrows placed on the floor.
- Provide markers to delineate 6 feet spacing between people in the office and in any waiting lines (e.g., markers on floor). Measured areas marked and provided.
- Prepare and email competitor bills as early as possible. SGL online close out capability provided. You may also request bills to be printed in advance by emailing Jennifer Glosson at jglosson@equestriansport.com or Hali Miller at casey255@gmail.com
- Establish appointment times for checkout at the competition office. SGL online capability provided. You may also request an office appointment in advance by emailing Jennifer Glosson at jglosson@equestriansport.com or Hali Miller at casey255@gmail.com

Service Providers and Vendors

- Advise any service providers (e.g. vendors, food-service, farrier, feed suppliers, waste disposal personnel) to take precautions in accordance with federal, state, local and facility regulations and CDC guidelines. All advised.
- For onsite food-service, consider requesting provision of pre-packaged food only. There are several food vendor options. Most will offer grab and go selections.

P. Competition, Schooling and Exercise Area Considerations

- Utilize posted orders of go and/or published ride times including online orders of go and ride times. During the show, this will continue to be provided online through our SGL software. For schooling days the jumps in the show rings cannot be touched or altered by exhibitors. We have designated time slots by height for back number schooling. In addition, we have made it possible to remotely "enter" through SGL a specific 15-20 time slot by height so you know exactly when you can arrive to school. Please see the time schedule for these options. Walk ups will be accommodated by ingate personnel on a first come, first serve basis.
- At venues with multiple competition areas, consider designating one area as primary where assigned times and/or orders of go take precedence. The priority ring will be established based on daily numbers and time constraints. This will be announced or provided by mass text notification.
- Consider scheduling course walks as necessary to comply with social distancing requirements (e.g., schedule small groups in separate sections). All courses will be posted on our website with distances for all disciplines. ALL course walks will be extremely brief, with social distancing protocols strictly enforced and should be focused only in areas where distances are not provided. Management reserves the right to close any ring at any time to walking if protocols are not being followed.
- Utilize individual water bottles versus community water coolers. New water coolers have been installed at the ingates with disposable cups and "handless" levers that are pushed by cups or containers. We encourage all exhibitors and staff to purchase their own refillable containers to reduce waste.
- Limit and organize seating areas to comply with social distancing requirements. There will be extremely limited seating and placed far apart. All bleachers have been removed. We are strongly encouraging people to stay in their cars until getting on their horse. Please note that Golf Cart occupants should not sit in golf carts violating social distancing requirements. Once the golf cart has reached its destination, all occupants should get out. Please remember, if you are looking for a chair you should probably go to your car. Spectating is not allowed at this time.
- Restrict the number of people accompanying a horse to the competition area to those persons who are needed for safety or for achieving effective competition, but they all must comply with social distancing requirements. There will be numerous signs and warnings to limit each showing horse with a maximum of 5 people. Rider, Trainer, Groom and two other companions. These and all social distancing requirements will be enforced by any and all ESP personnel. All ESP personnel will wear neon safety vest displaying social distancing enforcement. This will remain a constant reminder to anyone on the grounds to remain vigilant in maintain social distancing at all times.

Schooling and exercise area provisions:

- Provide monitors to ensure compliance with requirements and best practices. Always monitored and controlled by stewards, schooling supervisors and/or ingate personnel. A maximum of one person per schooling standard will be allowed per schooling jump. Each schooling jump will be spaced at least 8' apart to accommodate people on both sides with social distancing.
- Schooling jumps – Provide sanitizing items (spray bottles, wipes) at each competition arena and schooling/warm-up area and advise individuals to wipe down jump equipment after use. We will be advising exhibitors to continue to use gloves when using schooling jumps in the common areas. We will provide rubber gloves upon request, but please plan on using your own gloves of choice. Common jump cups and schooling rails have been "fogged" with a product called "Gold Shield." This is a product that is used in hospitals to coat surfaces that prevent areas for viruses to attach to. The product states that the coating lasts for 90 days and can only be removed with product such as bleach. We will be recoating all of our schooling jumps on a monthly basis with the fogging system and "Gold Shield" product.
- Determine equine/human capacity in relation to the area and restrict access to a limited number in order to maintain social distancing requirements. A maximum of one person per schooling standard will be allowed per schooling jump. Each schooling jump will be spaced at least 8' apart to accommodate people on both sides with social distancing. Signage enforcing maximum occupancy will be placed around areas that need to be defined. (Such as shade tents or offices.) In any case the show grounds is over 100 acres so there should never be a reason that social distancing cannot be followed based on the horse counts allowed and ordered.
- In classes where participants compete collectively, determine and communicate to participants, the maximum number of horses permitted in each competition area at one time based on the size of the competition areas and social distancing requirements. We have very large competition rings that can easily accommodate 20 riders with plenty of room to spare. In a situation where the number could be greater than 20, we will split the class. Announcers and ingate personnel will ensure that all participants will stand greater than 6 feet apart in the center line up. Ingates will also make sure that there is not grouping together upon exiting the ring. Ribbons in plastic bags will be handed out after pinning. It is optional for the rider to refuse the ribbon if they are uncomfortable.

- Communicate with participants if classes will be divided and held in one or more sections.
- Classes may be divided into separate classes with each class receiving separate awards.
- Classes may be split into sections with the final section being comprised of the best entrants from each of the previous split sections with one set of awards given in the final section. **This communication will be done in advance of the class by online notification or by ringside announcement.**
- Consider utilizing technology for information transfer to mitigate the risk of virus spread by the manual transfer of paper (i.e. judge's cards, scoresheets, etc.).
- Create a method of giving ribbons and trophies that reduces or eliminates hand-to-hand contact. **Ribbons will be hung individually on a hanger outside the ring area for pick up. We use gift certificates for distributing our awards. .**

Q. Stabling Considerations

- Restrict access to the stabling areas to veterinarians, athletes, officials, grooms, trainers and other essential personnel. **All barn areas will be restricted to grooms, trainers and other essential personnel (Vets are included). Signage in English and Spanish are placed in the barn areas. Our tent aisles have been modified to a minimum 10 feet wide to allow for people to pass each other on opposite sides with social distancing room to spare.**
- Remind all personnel in the stabling areas to comply with all best practices and guidelines in effect at the competition. **All barn areas will be restricted to grooms, trainers and other essential personnel (Vets are included). TRAINERS:** The barn area assigned to your operation is your responsibility to operate and apply all best management practices. It is your responsibility to restrict your barn area to grooms and essential staff only. **DO NOT ALLOW YOUR CLIENTS TO LOITER IN THE BARN AREAS.** Trainers are asked to please bring all the same materials and operating protocols that you have implemented in your private barn operation since the COVID-19 pandemic started. ESP will not be providing materials in the barn areas that are essential to operate your private business. Random spot checks will be preformed by ESP management or stewards to remind and enforce any observed violations to COVID-19 protocols.
- Provide hand sanitization stations in the stabling area and encourage stable personnel to use frequently. **ESP will not be providing hand sanitizer in the barn areas. The barns are in close proximity to sanitizer locations and bathrooms with antibacterial soap. ESP will be providing hand sanitizer and supplies in all of the common areas. The barn area assigned to your operation is your responsibility to operate and apply all best management practices.**

Recommended Best Practices for Participants

Although not mandatory, participants are strongly encouraged to follow the Recommended Best Practices listed below at all times while present on the competition grounds.

R. Access & Monitoring Considerations

- Provide non-contact thermometers (e.g., temporal or infrared) to staff and require temperature monitoring throughout the day. **It is extremely important that all Trainers, Owners, Riders and Support personnel establish a regular practice of taking your temperature before leaving your house. Not all people that have been infected with the virus have a fever, but for ANYONE who does have a fever should not come on the show grounds under any circumstances.**
- Limit access to stabling area and competition grounds to essential personnel only; discourage multiple family members from accompanying owners and riders. **Beginning in January 2021, all persons entering the grounds must have a PBIEC-issued pass.** All barn areas will be restricted to grooms, trainers and other essential personnel. Signage in English and Spanish is placed in the barn areas. **TRAINERS:** The barn area assigned to your operation is your responsibility to operate and apply all best management practices. It is your responsibility to restrict your barn area to grooms and essential staff only. **DO NOT ALLOW YOUR CLIENTS TO LOITER IN THE BARN AREAS.**
- Consider having riders meet their horses at the competition or schooling areas or other pre-designated area to further limit contact in the stabling area. Trainers and your staff should give the most accurate times for when your client will show. ESP ingate personnel will be updating the SGL system to the best of their ability, however, keep in mind there are unforeseen situations that can cause delays. (Injuries, thrown shoes, thunderstorms, etc.) We ask that you have your clients remain in their cars until it is their turn to mount, warm up and **be ready to compete in the ring on time.** Please keep in mind that we will be enforcing time limits on when you are expected in the ring. Be considerate to your fellow competitors showing after you that are monitoring their posted times.
- Consider the use of mounting blocks to avoid one-on-one contact between riders and grooms/assistants. **Mounting blocks are available at every schooling area.**
- Provide adequate food and beverage supplies for your barn and your support staff for the duration of the competition to avoid unnecessary community exposure. **TRAINERS:** You are responsible for your staff. Please make sure you are using knowledgeable professionals that understand all COVID-19 protocols and risks. Please make sure they are taking all necessary precautions both at work and outside of work. Please do not supplement extra personnel into the horse show operation other than the staff you have employed and trusted at your personal operation. The barn area assigned to your operation is your responsibility to operate and apply all best management practices. Trainers are asked to please bring all the same materials and operating protocols that you have implemented in your private barn operation since the COVID-19 pandemic started. ESP will not be providing materials in the barn areas that are essential to operate your private business.

It is strongly recommended that if people are going to travel together in the same vehicle to a competition, they should take their temperature prior to getting into the vehicle to ensure no one travels to the competition with an elevated temperature. This should include golf cart transportation.

RIDERS: Please rely on your trainers and their staff to give the best times for when you will show. ESP ingate personnel will be updating the SGL system to the best of their ability, however, keep in mind there are unforeseen situations that can cause delays. (Injuries, thrown shoes, thunderstorms, etc.) We ask that you remain in your cars until it is your turn to mount, warm up and **be ready to compete in the ring on time.** Please keep in mind that we will be enforcing time limits on when you are expected in the ring. Be considerate to your fellow competitors showing after you that are monitoring their posted times.

Riders, parents and owners should not be in the barn areas. If you are responsible for your own horse then you will be placed as an individual barn and separated accordingly.

Always comply with all best practices and guidelines in effect at the competition. All of the COVID-19 protocols that have been established and will be enforced are for EVERYONES wellbeing. We ask that all of you take them seriously and remain vigilant.

One important note about **thunderstorms. PLEASE plan on going to your cars in the event of any delay.** We cannot afford a situation where groups of people try to go to a single area violating the social distancing protocols. Your personal car should be your safe place at all times.

Social media posting – Please consider when posting anything on social media that is negative can be a reflection on our entire sport. ESP has done our best to address every area of our sport to make it as safe as possible to continue safely during this worldwide pandemic. Although the phrase “We are in this together” has become overused, we must depend on everyone in our sport to come together to do our individual part. ESP is committed to enforcing all restrictions to the best of our ability, but we cannot control everyone or everything that takes place on the grounds. Negative social media can cause unnecessary hardship to our entire industry that have already suffered severe economic effects. Please take an extra look at a photo to examine if something looks out of context. Please consider posting a date when posting a photo at a horse show prior to COVID-19 protocols that may be considered a violation of social distancing by today's standards. More importantly, if you witness anything that you feel is unsafe in this current environment, Any COVID-19 protocols that are not being followed, PLEASE BRING IT TO MANAGEMENT'S ATTENTION so that we can correct to problem as quickly as possible. We are all learning how to make things safer and it is ESP's continued pledge to make whatever changes we can to ensure everyone's safety and wellbeing.

S. Cleaning & Sanitizing Considerations

- Provide hand sanitizer, masks, and other PPE deemed necessary to your barn staff and other personnel and encourage them to use these items on a regular basis. **ESP will continue to provide gloves at the ingates upon request until further notice.**
- Do not mix equipment (tack, grooming supplies, lead shanks, etc.) and sanitize between each use.
- Regularly sanitize bikes/motorbikes/golf carts/car & truck door handles, stable doors, bucket handles, light switches, etc., and equipment including tack, grooming, feeding, stall cleaning materials, etc.
- Again, the barn area assigned to your operation is your responsibility to operate and apply all best management practices. Trainers are asked to please bring all the same materials and operating protocols that you have implemented in your private barn operation since the COVID-19 pandemic started. ESP will not be providing materials in the barn areas that are essential to operate your private business.

T. Scheduling Considerations

- Schedule competition days (ride times, schooling times, etc.) as efficiently as possible to minimize time spent on the competition grounds each day. **ESP continues to provide access to online scheduling through the Showgroundslive.com software. Courses are produced on the PBIEC.coth.com website under the Competitors tab each evening before the scheduled classes. Please use these tools to minimize your time on the show grounds each day.**
