We have made every attempt to spread out classes and sections to give better predictability of when exhibitors will show. We plan on using posted orders and signups that can be selected through the SGL online system.

Management reserves the right to modify this schedule at any time that is necessary to accommodate our exhibitors.

One important note about **Thunderstorms. PLEASE plan on going to your cars in the event of any delay.** We cannot afford a situation where large groups of people try to go to a single area violating the social distancing protocols.

We have made every attempt to spread out classes and sections to give better predictability of when exhibitors will show. We plan on using posted orders and signups that can be selected through the SGL online system.

Management reserves the right to modify this schedule at any time that is necessary to accommodate our exhibitors.

One important note about **Thunderstorms. PLEASE plan on going to your cars in the event of any delay.** We cannot afford a situation where large groups of people try to go to a single area violating the social distancing protocols.

We have made every attempt to spread out classes and sections to give better predictability of when exhibitors will show. We plan on using posted orders and signups that can be selected through the SGL online system.

Management reserves the right to modify this schedule at any time that is necessary to accommodate our exhibitors.

One important note about **Thunderstorms. PLEASE plan on going to your cars in the event of any delay.** We cannot afford a situation where large groups of people try to go to a single area violating the social distancing protocols.

At Federation licensed competitions horses, more than 7 months of age, entering the grounds must be accompanied by documentation of Equine Influenza Virus and Equine Herpes Virus (Rhinopneumonitis) vaccinations within six months (180 days) prior to entering the stables. Horses not in compliance with this rule may be required to leave the competition grounds upon request by Competition Management. Documentation should consist of one of the following methods mentioned below. The frequency of vaccine administration should be per the vaccine manufacturers' or veterinarian's recommendations. It is recommended that vaccines are administered by or under the direction of a veterinarian.
2. In the case of vaccines administered by a veterinarian, the exhibitor, upon request by Competition Management, must provide documentation from the veterinarian on documenting that the horse in question received the vaccinations; name of the vaccines and date of vaccine administration.
3. In the case of vaccines administered by a person other than a veterinarian, the exhibitor, upon request by Competition Management, must provide a receipt of the vaccine purchase which is signed by the owner, or agent with care, custody, and control of the horse; name, serial number and expiration date of the vaccine; and date of vaccine administration.
4. In the case of a horse that is unable to receive either of the vaccinations due to a history of adverse reactions, the exhibitor, upon request by Competition Management, must provide a letter from the veterinarian on official letterhead stating that the horse in question cannot be vaccinated due to medical concerns and a log of temperatures taken twice daily for the seven days prior to entering the competition grounds. These horses must also have their temperature taken and logged twice daily while on the competition grounds. The log

of temperatures should be provided to the Competition Management, steward, or technical delegate when requested.

5. A current negative coggins test. Please renew before it expires, and not just before it is necessary to leave the state. It is strongly recommended that all horses be vaccinated for Equine EHV-1 (either modified live or killed vaccine) no sooner than 7 days prior and no later than 180 days prior to entering the show grounds. Most EHV-1 vaccines are only considered effective for 180 days. Check with your veterinarian about which vaccine you use.
6. Once the horse leaves the facility you may be required to show a new Statement of Health upon your return to the facility. Current vaccination against WNV, EEE, WEE, Tetanus and Rabies is strongly recommended
7. You should be able to document your horse's normal temperature before arrival. Please do not ship horses with elevated temperatures. It is recommended that you establish a log of temperatures taken at least twice daily. If there is an elevated temperature for more than a 24 hour period, please consult your local Veterinarian immediately.
8. Every effort should be made to minimize stress and commingling of horses shipped long distances. Extra hours on a horse van, or moving from stable to stable is the fastest way to compromise your horses' and your neighbors horses' health.
9. Any horse on the show grounds with a fever of unknown origin or of suspicious origin must be reported to ESP Management. It is always better to err on the side safety. Isolation stalls will either be available on the grounds or at a local veterinary practice if the need arises.
10. Please take the time to review equine good hygiene practices and impress its importance to your groom in everyday care.

If horses still remain tied for first place they will jump a third round over a shortened course. Ties for all other places will remain tied. "Our horse was scoped and found ulcers. We put him on omeprazole and sucralfate, scoped him again and they had gotten worse. That's when I figured giving Gut X couldn't hurt. I could not be happier because after 45 days on ONLY Gut X, we scoped him again and his ulcers are resolved! I was skeptical, but this actually works."

- Emma K.
