Mandatory Requirements for Competition Organizers

C. Definitions

CDC – Centers for Disease Control. All activity that occurs at a USEF-licensed competition must be conducted in accordance with CDC guidance protocols.

Competition Area/Schooling Area - For purposes of this document, any reference to competition area and/or schooling area includes rings, arenas, fields, cross-country fields, and any other areas designated for competition, schooling or exercise purposes.

Competition Organizer – For purposes of this document, Competition Organizer includes any individual or entity that acts as competition manager, licensee, and includes any designee(s) with management authority over the competition and its operations.

Competition Staff – For purposes of this document, competition staff includes any individual who is employed or contracted by competition management. Competition staff includes, but is not limited to, ring crews, jump crews, stable crews, competition office staff, medical personnel, awards crew, in-gate personnel, paddock managers, announcers, licensed officials, scribes, etc.

Officials - Any reference to officials, or licensed officials includes all types of competition officials (see GR113). For the purposes of this document, any individuals participating in an approved educational activity for a USEF or Recognized Affiliate licensing program (e.g. apprentices, training program participants, dressage applicants observing or sitting, clinicians, instructors, etc.) are also considered officials and must comply with all applicable requirements within the Action Plan.

Close Contact – For purposes of this document, close contact as [defined by the CDC](#) is someone who was within six (6) feet of an infected person unmasked for a cumulative total of 15 minutes or more over a 24-hour period* beginning two (2) days before illness onset (or, for asymptomatic patients, two (2) days prior to test specimen collection) until the time the patient is isolated. It is important to note that close contact has occurred regardless of whether one, or both individuals is wearing a mask. (Refer to [CDC FAQ](#)).

**Individual exposures added together over a 24-hour period (e.g., three 5-minute exposures for a total of 15 minutes).*

Any person who is not fully vaccinated and who has been in close contact with an individual who is confirmed or suspected to be COVID-19-positive should quarantine in accordance with [CDC Guidelines](#).

COVID-19 Incident or Outbreak – For purposes of this document, an incident is defined as a report of any COVID-19 related event or occurrence including, but not limited to, an individual who is exhibiting symptoms of COVID-19. An outbreak is defined as multiple COVID-19 related incidents or occurrences.

Definitions - *continued*

Exposure – For purposes of this document, exposure is considered as having occurred when a person not fully vaccinated comes into [close contact](#) with a COVID-19-infected individual (exhibiting symptoms or confirmed by a positive test result) within a distance of six feet for a cumulative total of 15 minutes or more and is unmasked and results in the need to quarantine unless the exposed individual is fully vaccinated (but those individuals must still monitor for symptoms for 14 days post-exposure). While the ideal quarantine time is still considered to be 14 days, it is recognized that a shorter quarantine period may balance significant societal burdens against the progressive smaller possibility of spreading the virus over time after exposure accordingly. An individual may discontinue quarantine:

- After Day 10 following close contact (exposure) without testing if no COVID-19 symptoms are present, or;
- After Day 7 if no COVID-19 symptoms are present and after receiving a negative COVID-19 test result (testing must occur on Day 5 or later after exposure) After discontinuing quarantine, all individuals should:
 - Monitor for symptoms for 14 days after exposure
 - Immediately self-isolate if symptoms develop and contact a personal healthcare provider or public health authority
 - Wear a face mask/face covering, maintain social distancing of at least six feet from others, and wash hands frequently

Face Masks – For purposes of this document, any reference to face masks includes cloth face coverings, N-95, KN-95 and surgical masks. If required to be worn, face coverings/masks must fully cover the nose and the mouth while being worn. *** Cloth face coverings should fit snugly but comfortably against the side of the face, be secured with ties or ear loops, include multiple layers of fabric, allow for breathing without restriction and be able to be laundered and machine dried without damage or change to shape. We encourage everyone to remain wearing face masks.

Amended PBIEC Policies for Face Masks Requirements Effective 3.18.22:

-Face masks are now optional indoors and outdoors. Good judgement should be taken to avoid very close contact to the extent possible. We also ask that you keep a mask available while on the grounds .

Isolation – Separation of a person or group of people known or reasonably believed to be infected with a communicable disease and potentially infectious, from those who are not infected to prevent the spread of the communicable disease.

Participants – For purposes of this document, any reference to Participants includes owners, lessees, riders, athletes, parents, vaulters, drivers, trainers, coaches, longeurs, navigators, personal care assistants (PCAs), and any other required support personnel/staff that are essential for providing care to the horses and/or the athletes.

PPE – Personal Protection Equipment.

Quarantine – Separation of a person or group of people, known or reasonably believed to have been exposed to a communicable disease but are not yet symptomatic, from others who have not yet been exposed, to prevent the possible spread of the communicable disease. Please refer to [Exposure](#) definition above for quarantine guidance.

Social Distancing – Also called “physical distancing,” means keeping a minimum of 6 feet (about 2 arms’ length) space between yourself and other people outside your immediate household, as well as avoiding congregate settings or a concentration of individuals in a single area.

Immediate Household – Individuals consistently living in the same house or dwelling. Members of a household may or may not be related. For purposes of this document, immediate household may also be referred to as same household or own **household**.

Public/Spectators – For purposes of this document, spectators refers to the general public, fans, or any individuals who are not directly involved in the competition by way of being a participant, **a parent**, a member of competition staff, a service provider (e.g. media or photographer), volunteer, or other support personnel (farrier, veterinarian, etc.).

Service Providers – For purposes of this document, service providers are those individuals or entities who provide direct services contracted by competition management. Service providers include but are not limited to vendors, caterers, feed suppliers, photographers, videographers, media, **venue/facility staff**, cleaning service providers (including portable restroom service), and waste disposal personnel.

Support Personnel - For purposes of this document, support personnel are those individuals employed or contracted by Participants who are essential for providing **to provide** care **or services** to horses and/or participants. Support personnel includes, but is not limited to, veterinarians, farriers, equine therapists, **grooms**, and braiders, etc.

Symptoms – Symptoms of COVID-19 include, but are not limited to, subjective or measured fever, cough, and shortness of breath and/or difficulty breathing. Additional symptoms may include sore throat, muscle pain, headache, chills/shaking, or newly developed loss of taste or smell.

Temperature Monitoring – The daily (or alternatively defined period) non-contact body temperature testing utilizing technology that scans forehead temperature (temporal or infrared thermometer) to measure an individual’s body temperature to verify no fever is present. For purposes of this document, a fever is defined as an elevated body temperature of **100.4° F (38° C)** or higher. *This definition of fever utilizes a temperature threshold slightly lower than in CDC guidelines, but this more stringent temperature threshold prevails as the requirement.* **All persons entering competition grounds are required to self-monitor their temperature once daily prior to entering the competition grounds. Not all people that have been infected with the virus have a fever, but for ANYONE who does have a fever should not come on the show grounds under any circumstances. Anyone with a temperature of 100.4° F (38° C) or higher should not enter the facility. As of 10.25.21 ESP discontinued temperature checks upon entering the grounds.**

WHO – World Health Organization. All activity that occurs at a USEF-licensed competition must be conducted in accordance with WHO recommendations.

D. General

USEF-Licensed competitions must operate in accordance with state and local requirements. In the absence of state or local requirements, USEF recommends compliance with CDC guidelines. In an effort to mitigate the risk of spreading COVID-19, Competition Organizers can impose more restrictive requirements if they so choose.

Additionally, competition organizers must implement the USEF requirements listed on the following pages, and are very strongly encouraged to implement all recommended best practices contained in the referenced appendices or similar practices for mitigating risks related to the COVID-19 virus.

These requirements are in effect immediately and until further notice, however, they are subject to revisions as the COVID-19 virus environment changes.

USEF Competition Organizers must work with state and local governments and public health authorities prior to the start of the competition to help determine the applicable requirements for their competition. Competition Organizers are encouraged to consult their insurers and legal counsel as well.

If permission from a state or local government agency or public health authority is required in order for a competition to be allowed to operate, competition organizers must have obtained verifiable permission from those entities prior to conducting the competition(s).

If competition organizers have any questions, please contact Katlynn Sacco by email at ksacco@usef.org or by phone at (859) 225-6981.

ESP has been instrumental in helping develop these protocols with USEF since the March 2020 shutdown. We have very diligently studied and applied actions for all requirements based on our operations and facilities. We have also enhanced and added additional protocols that we feel are best for the general welfare of our exhibitors. We have been in close contact with local authorities - and any competition held at our facility will be with their knowledge and support. ESP completed the WHO Mass Gathering for Sport Risk Assessment Tool during April 2020. We are considered low risk with an impressive mitigation score of 86%

E. Agreements

- Ensure that all participants, licensed officials, and volunteers, provide emergency contact information and execute state-specific [Waiver and Release of Liability, Assumption of Risk and Indemnity Agreement](#) required by USEF, as a condition of participation. If a state-specific waiver is not available, please use the [general version](#) of the form. **This form will be made available with the entry blanks. Please note that all riders, parents and/or guardians, owners, coaches, and trainers must sign this form before any back numbers are assigned. Absolutely no entries will be accepted or processed before a back number is assigned with this process. No exceptions!**
- Prior to the start of a competition, create an [Emergency Response Plan](#) specific to a COVID-19 incident or outbreak that includes local medical resources and addresses outbreak protocols including medical evaluation, isolation and quarantine, and reporting. **ESP has modified its emergency response plan for all accidents to include COVID-19 protocols. If there are any instances of an outbreak, our local contracted PBCFR authorities will handle this situation in the quarantine tent located by the onsite Fire Rescue unit.**

- If a COVID-19 incident or outbreak occurs, USEF and local public health authorities must be notified. Emails will be required from all participants and competition staff so that notification may be distributed upon such an occurrence.
- Provide training for competition staff, volunteers and licensed officials regarding all procedures and requirements associated with the Plan. All staff have been distributed copies of the ESP Accident and ESP COVID-19 action plan.
- Ensure vendors and service providers are included in the communication and training requirements associated with the Plan. Vendors that are allowed to be on the grounds will be included in those notified.
- Disseminate a copy of the Plan to all applicable competition personnel. A minimum of 14 days prior to the start of the competition, inform (e.g., via prize list/omnibus, website, social media, email, etc.) all participants, officials and competition personnel of protocols and safeguards implemented for their protection against spreading COVID-19 by providing them with a list of such measures. With constant changes needed to be made to the USEF COVID-19 Action Plan for USEF Licensed Competitions, this document will be updated as needed on the [PBIEC.coth.com](https://www.pbiec.coth.com). under the competitors tab.

- *Sample Poster: [CDC – Stop the Spread of Germs](#)*

H. Face Coverings/Masks

- Competition Organizers of USEF licensed competitions must comply with state and local requirements regarding use of face coverings/masks. In the absence of state or local requirements, USEF recommends compliance with CDC guidelines. In an effort to mitigate the risk of spreading COVID-19, Competition Organizers can impose more restrictive requirements if they so choose. You can find recommendations for proper use of face coverings/masks via the [Centers for Disease Control & Prevention website](#).

Amended PBIEC Policies for Face Masks Requirements Effective 3.18.22:

-Face masks are now optional indoors and outdoors. Good judgement should be taken to avoid very close contact to the extent possible. We also ask that you keep a mask available while on the grounds .

When state or local authorities, or a competition organizer requires the wearing of a face covering/mask at a competition, the following applies:

- ~~To eat or drink, an individual must move far enough away from others to minimize the possibility of being within six feet of any other individual before the lowering the face covering/mask to eat or drink. The face covering/mask must be immediately replaced over the nose and mouth when finished.~~ **This requirement is currently not in effect in Florida.**
- If an individual requires modification to this face covering/mask requirement, please contact the Competition Organizer.

Any Individual may choose to wear a face covering/mask even when not required, and can do so without penalty.

I. Spectators

- Subject to state and local restrictions, spectators are permitted to attend USEF-Licensed competitions and are subject to the same requirements as all other persons on competition grounds, including the Plan requirements.

- *As of 10.25.21, PBIEC is open to general spectators. Credentials will no longer be a requirement for entry to the facility.*
- ~~Spectator capacity: Competition organizers must take into account the relative size of their venues and comply with any state or local capacity restrictions.~~
- Competition Organizers must provide multiple sanitization stations throughout the spectator seating/viewing areas if spectators are present.
- ~~Competition Organizers must make multiple PA announcements throughout each competition day to remind spectators of the competition's COVID-19 safety requirements.~~

J. Protocols for VIP/Hospitality Areas

- ~~If offered, all VIP/Hospitality areas must be arranged in a manner that complies with state or local requirements or the competition organizer's requirements including, but not limited to, social distancing.~~ *Our state and local authorities do not currently require social distancing.*

K. Social Distancing

- ~~Enforce social distancing requirements throughout the competition grounds at all times in accordance with state, local or Competition Organizer requirements.~~ *Our state and local authorities do not currently require social distancing.*
- ~~Arrange judges' and other officials' areas to comply with state, local or competition organizer social distancing requirements. If social distancing is required, and in the event that it is absolutely impossible to maintain social distancing of six (6) feet or more, a solid, non-porous, securely attached divider must be placed in the location where social distancing cannot be maintained (i.e., between, in front of and/or behind seating areas). The divider provides a physical separation and barrier between individuals and therefore must be of sufficient size to effectively and significantly reduce the risk of respiratory particulates being spread.~~ *Our state and local authorities do not currently require social distancing. ESP still recommends that officials wear a mask if they are sharing a work space within 6 feet of another official. ESP will supply any official with masks upon request.*

L. Enforcement Authority

USEF Stewards and Technical Delegates will inform individuals when they are not in compliance with the regulations and requirements in effect at the competition and shall report such situations to the Competition Organizer. The Competition Organizer has the authority under GR 702.1 and GR914 to remove from the facility any person who does not comply with the regulations and requirements in effect at the competition. Stewards/Technical Delegates must report the removal of any person from competition grounds for non-compliance with regulations and requirements in effect at the competition in their USEF Steward/Technical Delegate Report. **ESP had great success with the majority of exhibitors being very cooperative with all COVID-19 protocols. We have however had to remove some individuals that were non-compliant with established ESP COVID-19 protocols. ESP will continue to evict and revoke credentials to any occupant who refuses to comply with any of the posted COVID-19 protocols that have been established to keep everyone safe.**

Mandatory Requirements for All Persons

M. General

USEF-Licensed competitions must operate in accordance with state and local requirements. In the absence of state or local requirements, USEF recommends compliance with CDC guidelines. - ~~• All persons on competition grounds must comply with the social distancing requirements in place at the competition.~~ Our state and local authorities do not currently require social distancing.

APPENDIX A

Recommended Best Practices for Competition Organizers

The following Recommended Best Practices are not mandatory, but have been provided to assist Competition Organizers with determining risks and developing measures to mitigate those risks.

A.1. General Considerations

- ~~• To the extent possible, limit the number of entrances and exits to the venue to manage crowding, social distancing and venue limitations.~~

- ~~It is strongly recommended that competition organizers secure additional staff or volunteers dedicated to monitoring adherence to Action Plan requirements, and who can support USEF Stewards', Technical Delegates' and Competition Management's efforts to ensure compliance with safety protocols.~~
- ~~Communication — Use radio, phone and online communication methods as much as possible and communicate important information frequently throughout the competition grounds.~~
- ~~It is strongly recommended that competition organizers conduct exhibitor meetings (virtually, telephonically, or in an environment where social distancing can be maintained) both prior to and during the competition to communicate requirements and address questions.~~ **Our state and local authorities do not currently require social distancing.**
- ~~VIP and other social areas are discouraged unless social distancing requirements are enforced in accordance with all applicable federal, state and local regulations, requirements and orders as well as WHO recommendations and CDC guidelines as they relate to mass gatherings and sporting events.~~ **Our state and local authorities do not currently require social distancing.**
- ~~It is strongly recommended that if people are going to travel together in the same vehicle to a competition, they should take their temperature prior to getting into the vehicle to ensure no one travels to the competition with an elevated temperature.~~

A.2. Considerations for Facilities, Staff, Medical Personnel, Service Providers & Volunteers

- Service providers and support personnel are recommended to comply with the following:
 - Register with the competition organizer and indicate when they are going to be on the competition grounds;
 - Sign a [waiver](#) provided by the organizer;
 - Comply with any competition organizer requirements to wear or change PPE (face mask/face coverings, etc.) when moving between stables; and
 - ~~Do not linger or socialize in stables or anywhere else on competition grounds while performing or after completing work.~~
- Cleaning/Sanitizing Locations
 - Provide hand sanitization stations with access to soap and water or alcohol based hand sanitizer at each competition area and schooling/warm up area. **All rings continue to have handwashing sinks with antibacterial soap and disposable towels. Automatic hand sanitizer dispensers are also at very ring and placed throughout the property.**
 - Provide hand sanitizer to all officials, ring crew, office staff and maintenance staff. **All rings continue to have handwashing sinks with antibacterial soap and disposable towels. Automatic hand sanitizer dispensers are also at very ring and placed throughout the property.**
 - Frequently sanitize surfaces touched by many: door handles, arena gates, wash racks and hoses, etc.
 - Ensure frequent cleaning and sanitizing of bathrooms, provide soap and water or alcohol based hand sanitizer in bathrooms. **Cleaning staff covering the bathrooms will make regular trips to the office to sanitize door handles. Hand sanitizer will be placed outside the office entry and exit door. Please encourage your grooms to wash their hands after using the common hoses.**

- ~~Prohibit the use of public water fountains.~~ Water coolers have been installed at the ingates with disposable cups and “handless” levers that are pushed by cups or containers. We are encouraging all exhibitors and staff to purchase their own refillable containers to cut down on waste. Florida and Local authorities are no longer restricting the use of public water fountains.
- • Competition Office
 - Strongly encourage all competitors to complete entry forms, in their entirety, including having all requisite memberships in place, prior to entering competition office. In May 2020 we introduced electronic entries to be made and signed remotely. Signs have been placed on the outside of the office for rules and guidelines. As always, ESP exhibitors can manage all of their entries online through our ShowGroundsLive.com.
 - Strongly encourage that all entries, adds, scratches, feed & bedding orders, billing/invoicing are done electronically. Our SGL software has always allowed for adds, scratches, viewing bills and making payments remotely. With these features there is little reason that would require someone to visit the office. All feed and bedding are handled through Gold Coast Feed. Phone in orders are the primary means of ordering.
 - Install clear plastic, glass or other type of protective shield/barrier in front of office staff. This has been built and installed in the show offices. Masks are required in the show office.
 - Provide hand sanitizer near the door. This is provided at entry door and inside exit door.
 - Provide an ‘in’ door and an ‘out’ door, if possible. There is now a separate entrance and exit with direction arrows on the ground and social distancing place markers.
 - Provide markers to delineate 6 feet spacing between people in the office and in any waiting lines (e.g., markers on floor). Suggested measured areas marked and provided.
 - Prepare and email competitor bills as early as possible. SGL online close out capability provided. You may also request bills to be printed in advance by emailing Jennifer Glosson @ jglosson@equestriansport.com or Hali Miller @ CASEY255@GMAIL.COM or any other secretary of their choice by direct contact.
 - Establish appointment times for checkout at the competition office. SGL online close out capability provided. You may also request bills to be printed in advance by emailing Jennifer Glosson @ jglosson@equestriansport.com or Hali Miller @ CASEY255@GMAIL.COM or any other secretary of their choice by direct contact.
- • Service Providers and Vendors
 - Advise any service providers (e.g. vendors, food-service, farrier, feed suppliers, waste disposal personnel) to take precautions in accordance with federal, state, local and facility regulations and CDC guidelines.
 - For onsite food-service, consider requesting provision of pre-packaged food only.

A.3. Competition, Schooling and Exercise Area Considerations

Utilize posted orders of go and/or published ride times including online orders of go and ride times. ○ At venues with multiple competition areas, consider designating one area as primary where assigned times and/or orders of go take precedence. The priority ring will be established based on daily numbers and if there are time constraints. This will be announced or provided by mass text notification.

Consider scheduling course walks as necessary to comply with social distancing requirements (e.g., schedule small groups in separate sections). All courses will be posted on our website for all disciplines. Our state and local authorities do not currently require social distancing.

Consider utilizing individual water bottles versus community water coolers. Water coolers have been installed at the ingates with disposable cups and “handless” levers that are pushed by cups or containers. We are encouraging all exhibitors and staff to purchase their own refillable containers to cut down on waste.

- ~~Limit and organize seating areas to comply with social distancing requirements.~~ **Our state and local authorities do not currently require social distancing. All of our venues are outdoors.**
- ~~Consider restricting the number of people accompanying a horse to the competition area to those persons who are needed for safety or for achieving effective competition, but they all must comply with social distancing requirements.~~ **Our state and local authorities do not currently require social distancing.**
- Schooling and exercise area provisions:
 - Provide monitors to ensure compliance with requirements and best practices. **Always monitored and controlled by stewards, schooling supervisors and/or ingate personnel.**
 - ~~Schooling areas – Provide sanitizing items (spray bottles, wipes) at each competition arena and schooling/warm-up area and advise individuals to wipe down jumps or other equipment after use. All ingates have hand washing sinks with antibiotic soap provided.~~
 - ~~Determine equine/human capacity in relation to the area and restrict access to a limited number in order to maintain social distancing requirements.~~ **Our state and local authorities do not currently require social distancing.**
 - In classes where participants compete collectively, the Competition Organizer should determine and communicate to participants, the maximum number of horses permitted in each competition area at one time based on the size of the competition areas and social distancing requirements. **We have very large competition rings that can easily accommodate 20 riders with plenty of room to spare. In a situation where the number could be greater than 20, we may split the class. Ribbons will be handed out after pinning. But it is optional for the rider to refuse the ribbon if they are uncomfortable. Our state and local authorities do not currently require social distancing.**
 Communicate with participants if classes will be divided and held as separate classes, or split and held in or more than one section. **This communication will be done in advance of the class by online notification or by ringside announcement.** For example:
 - Classes may be divided into separate classes with each class receiving separate awards.
 - Classes may be split into sections with the final section being comprised of the best entrants from each of the previous split sections with one set of awards given in the final section.
- Consider utilizing technology for information transfer to mitigate the risk of virus spread by the manual transfer of paper (i.e. judge's cards, scoresheets, etc.).

Create a method of giving ribbons and trophies that reduces or eliminates hand-to-hand contact. **Ribbons will be hung individually (no longer in plastic bags) on a hanger outside the ring area for pick up. We use gift certificates for distributing our awards..**

A.4. Stabling Considerations

~~Restrict access to the stabling areas to veterinarians, athletes, officials, grooms, trainers and other essential personnel.~~ **We encourage that all barn areas to be restricted to grooms, trainers, athletes and other essential personnel (Vets are included). This is just a suggestion as our state and local authorities do not currently require social distancing.**

APPENDIX B

Recommended Best Practices for Competition Participants

The following Recommended Best Practices are not mandatory, but have been provided to assist Competition Participants and Support Personnel with determining risks and developing measures to mitigate those risks.

B.1. Access & Monitoring Considerations

Provide non-contact thermometers (e.g., temporal or infrared) to barn staff and require temperature monitoring throughout the day. Trainers, Owners, Riders and Support personnel establish a regular practice of taking your temperature before leaving your house. Not all people that have been infected with the virus have a fever, but for **ANYONE who does have a fever should not come on the show grounds under any circumstances.**

Limit access to stabling area and competition grounds to essential personnel only; discourage multiple family members from accompanying owners and riders. We encourage that all barn areas to be restricted to grooms, trainers, athletes and other essential personnel (Vets are included). **Trainers** –The barn area assigned to your operation is your responsibility to operate and apply all best management practices.

Consider having riders meet their horses at the competition or schooling areas or other pre-designated area to further limit contact in the stabling area. Trainers and your staff should give the most accurate times for when your client will show. ESP ingate personnel will be updating the SGL system to the best of their ability, however, keep in mind there are unforeseen situations that can cause delays. (Injuries, thrown shoes, thunderstorms, etc.) We ask that you consider having your clients remain in their cars until it is their turn to mount, warm up and **be ready to compete in the ring on time.** Please keep in mind that we will be enforcing time limits on when you are expected in the ring. Be considerate to your fellow competitors showing after you that are monitoring their posted times.

Consider the use of mounting blocks to avoid one-on-one contact between riders and grooms/assistants. Mounting blocks are available at every schooling area.

Provide adequate food and beverage supplies for your barn and your support staff for the duration of the competition to avoid unnecessary community exposure. **Trainers** – You are responsible for your staff. Please consider using vaccinated knowledgeable professionals that understand all COVID-19 protocols and risks. Please make sure they are taking all necessary precautions both at work and outside of work. Please do not supplement extra unvaccinated personnel into the horse show operation other than the staff you have employed and trusted at your personal operation. The barn area assigned to your operation is your responsibility to operate and apply all best management practices. Trainers are asked to please bring all the same materials and operating protocols that you have implemented in your private barn operation since the COVID-19 pandemic started. ESP will not be providing materials in the barn areas that are essential to operate your private business.

- It is strongly recommended that if people are going to travel together in the same vehicle to a competition, they should take their temperature prior to getting into the vehicle to ensure no one travels to the competition with an elevated temperature.

B.2. Cleaning & Sanitizing Considerations

- Provide hand sanitizer, masks, and other PPE deemed necessary to your barn staff and other personnel and encourage them to use these items on a regular basis.
- Do not mix equipment (tack, grooming supplies, lead shanks, etc.) and sanitize between each use.

- Regularly sanitize bikes/motorbikes/golf carts/car & truck door handles, stable doors, bucket handles, light switches, etc., and equipment including tack, grooming, feeding, stall cleaning materials, etc. Again, the barn area assigned to your operation is your responsibility to operate and apply all best management practices. Trainers are asked to please bring all the same materials and operating protocols that you have implemented in your private barn operation since the COVID-19 pandemic started. ESP will not be providing materials in the barn areas that are essential to operate your private business.

-

B.3. Scheduling Considerations

- Schedule competition days (ride times, schooling times, etc.) as efficiently as possible to minimize time spent on the competition grounds each day. ESP continues to provide access to online scheduling for classes through the showgroundslive.com software. Courses are produced on the PBIEC.coth.com website under the competitors tab each evening before the scheduled classes. Please use these tools to minimize your time on the show grounds each day.

Riders- please rely on your trainers and their staff to give the best times for when you will show. ESP ingate personnel will be updating the SGL system to the best of their ability, however, keep in mind there are unforeseen situations that can cause delays. (Injuries, thrown shoes, thunderstorms, etc.) We ask that you consider remaining in your cars until it is your turn to mount, warm up and **be ready to compete in the ring on time**. Please keep in mind that we will be enforcing time limits on when you are expected in the ring. Be considerate to your fellow competitors showing after you that are monitoring their posted times.

Always comply with all best practices and guidelines in effect at the competition. All of the COVID-19 protocols that have been established and will be enforced are for EVERYONE'S well being. We ask that all of you take them seriously and remain vigilant.

Thunderstorms. PLEASE consider going to your cars in the event of any delay. We do not encourage a situation where large groups of unmasked people congregate in a small area. Your personal car should be your safe place at all times.

Social media posting- Please consider when posting anything on social media that is negative can be a reflection on our entire sport. ESP have done our best to address every area of our sport to make it as safe as possible to continue safely during this worldwide pandemic. Although the phrase “We are in this together” has become overused, we must depend on everyone in our sport to come together to do our individual part. ESP is committed to enforcing all restrictions to the best of our ability, but we cannot control everyone or everything that takes place on the grounds. Negative social media can cause unnecessary hardship to our entire industry that have already suffered severe economic effects. Please take an extra look at a photo to examine if something looks out of context. Please consider posting a date when posting a photo at a horse show prior to COVID-19 protocols that may be considered inappropriate by today’s standards. More importantly, if you witness anything that you feel is unsafe in this current environment, Any COVID-19 protocols that are not being followed, **PLEASE BRING IT TO MANAGEMENT'S ATTENTION FIRST** so that we can correct the problem as quickly as possible.

III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The Long version of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>.

To the greatest extent permitted by law, the FEI and the FEI Event Organiser shall NOT be liable for any damages relating to loss of property or injury of any kind to Athletes, Owners, Support Personnel or Horses at or in connection with an FEI Event and the FEI expressly excludes all such liability.

2.1. ATHLETES, OWNERS AND SUPPORT PERSONNEL

2.1.1. Personal Accident and Health Insurance

It is your responsibility as an Athlete/Owner/ Support Personnel to ensure that you have adequate personal accident insurance in place to cover your participation at FEI Events and in particular to insure against any personal injury or medical expenses arising from an accident, injury or illness which may occur at a FEI Event.

You should check with your National Federation to confirm if your National Federation's insurance policy (if any) covers personal accidents and/or illnesses which may occur when you are attending/participating in FEI Events.

If your National Federation does not have a personal accident/health insurance policy or if the National Federation's insurance policy does not cover personal accident or health claims, then you should obtain your own personal accident and health insurance policy to cover your attendance/participation at FEI Events.

2.1.2. Personal Property Insurance

You should also ensure that you are insured against property loss, theft or damage which may occur at an FEI Event.

Again, the advice is to check with your National Federation to confirm if they have an insurance policy in place which would cover you in case of such property loss, theft or damage. If not, then you should obtain your own personal property insurance to cover such situations.

2.1.3. Press Equipment

Press equipment and other items left in the Press workroom, Press lockers, the Press Tribune or anywhere on the showgrounds are left entirely at the owner's risk. The Organising Committee does not accept any responsibility for any loss or damage to such equipment or items. Members of the Press are advised not to leave any equipment or personal items unattended.

2.2. ATHLETES AND OWNERS

2.2.1. Third Party Liability Insurance

As an Athlete/Owner you are personally responsible for damages to third parties caused by you, your employees, Support Personnel, your agents or your Horses. You are, therefore, strongly advised to take out third-party liability insurance providing full coverage in relation to FEI Events at home and abroad, and to keep the policy up to date.

The FEI and the Organiser will NOT be responsible for any damage caused to third parties by you, your employees, Support Personnel, your agents or your Horses.

2.2.2. Additional Liability Information

Equestrian Show Holdings, LLC, Equestrian Sport Productions, LLC and Wellington Equestrian Partners, their officials, sponsors and employees will not be responsible for any accident or loss which may occur to any exhibitor, spectator, guest, rider, groom, attendant or other employee, animal or equipment at any of the competition. "All owners and competitors are personally responsible for damages to third persons caused by themselves, their employees, their agents or their horses. They are therefore strongly advised to take out third-party insurance providing full coverage for participation in equestrian events at home and abroad, and to keep the policy up to date." Florida Senate Bill 1658 Equine Zero Liability Statute: Warning – Under Florida Law an equine activity sponsor or equine professional is not liable for an injury to, or the death of, a participant in equine activities resulting from the inherent risk of equine activities.

3. PROTESTS/APPEALS

To be valid, all Protests and Appeals must be made in writing and accompanied by a deposit of CHF 150.- or equivalent.

Protest and appeal forms are available on the FEI website:

Protests: <http://inside.fei.org/sites/default/files/FEI%20Protest%20Form.pdf>

Appeals: <http://inside.fei.org/sites/default/files/FEI%20Appeal%20Form.pdf>

4. SCHOOLING DURING COMPETITIONS

Athletes wishing to school during speed competitions (Table A and Table C) must inform the OC before these competitions begin. These athletes will start first in these competitions.

5. STEWARDING

If an athlete is uncertain as to whether the boots he/she intends to use during an event are allowed, he/she or his/her representative should show the boots to the Chief Steward for his/her opinion before the boots are used in training or in competition.

- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask his/her groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. *[Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.]* If an athlete or his/her groom refuses to remove and re-place the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

6. DISPUTES

In the event of any discussion concerning the interpretation of the schedule (in translated languages), the English version will be decisive.

7. MODIFICATION TO SCHEDULE

In exceptional circumstances, together with the approval of Chefs d'Equipe, host NF delegate, if any, and the Ground Jury, the Organiser may change the schedule in order to clarify any matter arising from an omission or due to unforeseen circumstances. Any such changes must be notified to all athletes and officials as soon as possible and they must be reported to the FEI Secretary General by the Technical Delegate, the President of the Ground Jury or the Foreign Judge, as applicable.

8. ADDITIONAL INFORMATION FROM THE OC

* The OC must provide additional prizes for the remaining placed athletes to fulfil quota of one prize per four athletes. The amount to be given to each of these athletes must be stated in the Schedule.					

In case of a tie for the 12th place in a competition with 12 to 48 starters, the prize money foreseen for the 12th place will be divided equally among the athletes concerned.

For Competitions run in two rounds with more than 12 starters in 2nd round:

OCs that indicate in the schedule that a specific number (that is more than 12) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS:

Full details of any deductions from prize money must be outlined in the schedule. This includes government taxes. If it is necessary for Organisers to deduct such taxes, they must provide participants with an official form indicating the amount of tax deducted.

The tax form must be provided to the athletes upon arrival and returned to the Organiser prior to departing.

Prize Money Won by Foreign Competitors: Be advised that the U.S. Internal Revenue Service requires sporting events to withhold 30% of prize money won in the United States. Foreign competitors may request a Treaty exemption. Foreign competitors requesting a treaty exemption need to have an Individual Taxpayer Identification Number (ITIN), and will be required to complete either a form W-8BEN or W-8BENE or W-8ECI Certificate of Foreign Status form indicating the Article number of the treaty exemption. If you do not provide us with a properly completed W-8 listing your ITIN, we are required to withhold 30% of your prize money and remit it to the IRS. Forms will be available at the show office or at www.irs.gov we strongly advise competitors to consult their tax advisor in advance of the event.

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (FEI General Regulations articles 127 and 128)

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first twelve (12) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond twelfth (12th) place. The minimum amount for each of these additional prizes, for athletes placed from thirteenth (13th) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed twelfth (12th)

10. MAXIMUM NUMBER OF STARTERS PER COMPETITION

***Annex VI FEI Jumping Rules:**

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must split the Competition into the number of groups required to ensure that there are no more than 100 starters in any group, and provide the same amount of prize money as indicated for the original Competition for each group. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

The competition is split into the number of groups required before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have groups of equal size there may be a different number of starters in each group;

OR

The competition is run as one single competition and split afterward into the number of groups required to ensure that there are no more than 100 starters in any group, and the classification

established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the groups, e.g. results for Competition 1a and for Competition 1b (and for Competition 1c if the original Competition was split into three groups, etc).*

In both cases above each group must offer the same amount of prize money as indicated for the original Competition. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters that determines whether the Competition must be split.

As all FEI World Cup™ Competitions have the status of a Grand Prix, the minimum prize money requirements for the Grand Prix are applicable to the FEI World Cup™ Competition. For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup™ Competition, the minimum prize money requirements for the Grand Prix apply only to the FEI World Cup™ Competition; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition.
